Misplaced Psyche:

The Misplaced Psyche Troy Howard, 1973 **The Misplaced Psyche** Lauran Paine, 1997 Although a doctor devises what he thinks is a foolproof substitute for chemical anesthetics in his first human trial something goes wrong and his patient awakens with part of his mind missing *Psyche's Yearning* Gillian Ross, 2010-11 PSYCHE S YEARNING Radical Perspectives on Self Transformation By Gillian Ross Humankind is being called to bring forth a new level of consciousness a new story around what it means to be human Gillian Ross has written a rich evocative book about the journey towards liberation She emerges from the lived depth of her own sacred autobiography cooked in the knowing of her heart and guided by the great books as read and understood by her wise eyes It is both the story of us all and the story of your sacred autobiography Read it and be inspired to realize the infinite joy obligation and depth of your Unique Self Dr Marc Gafni best selling author rabbi and teacher of Kabbalah and World Spirituality Besieged by the messages of consumerism disillusioned with traditional religion and faced with the possibility of planetary disaster our souls are more than ever yearning for purpose and a sense of wholeness and holiness in a fragmented secular world Weaving her text around the symbolic wisdom of the ancient Greek myth of Psyche and Eros author Gillian Ross offers personally inspired guidance and inspiration on ways of transcending the pain and limitations of our alienated ego She invites us to step into the transpersonal domain of the mystic and embrace our identity as a unique expression of a Transcendent Evolutionary Impulse The Introduction sets the stage for this with a quotation from the popular Buddhist teacher Sogyal Rinpoche the aim of life is to embody the Transcendent It could be said that the rest of the book explores what that means and how it can be achieved Beginning with her own journey of transformation including recovery from alcohol abuse Gillian powerfully conveys the message that an awakened consciousness is no longer the prerogative of the saint or the shaman but a birthright we must all claim if we are to find the collective will to serve the earth community and its myriad life forms with wisdom compassion and joy Psyche s Yearning is an inspirational contribution to the growing recognition of the power of meditation as a source of health and wellbeing Dr Samuel Sagan founder of the Clairvision School of Meditation She is the author of several successful relaxation meditation and yoga CDs and two books on spiritual evolution *The Search for the Pearl* and *Is There Life Before Death* Gillian migrated to Australia in the sixties She lives on a 40 acre property of great natural beauty in Northern New South Wales which she is nurturing as a place for spiritual retreats and as an educational Centre for Conscious Evolution Psyche s Yearning can be bought through on line outlets such as Amazon Books but can also be purchased directly from Gillian for 20 inclusive of postage anywhere in Australia A free download of the introduction and prologue is available from her website www.drgillianross.com *Pathways Into the Jungian World* Roger Brooke, 2003-09-02 In *Pathways into the Jungian World* contributors from the disciplines of medicine psychology and philosophy look at the central issues of commonality and difference between phenomenology and analytical psychology The major theme of the book is how existential phenomenology

and analytical psychology have been involved in the same fundamental cultural and therapeutic project both legitimize the subtlety complexity and depth of experience in an age when the meaning of experience has been abandoned to the dictates of pharmaceutical technology economics and medical psychiatry The contributors reveal how Jung s relationship to the phenomenological tradition can be and is being developed and rigorously show that the psychological resonance of the world is immediately available for phenomenological description Bulfinch's Mythology Thomas Bulfinch,1913 Bareface

Doris T. Myers,2004-02-16 C S Lewis wanted to name his last novel Bareface Now Doris T Myers s Bareface provides a welcome study of Lewis s last most profound and most skillfully written novel Till We Have Faces Although many claim it is his best novel Till We Have Faces is a radical departure from the fantasy genre of Lewis s Chronicles of Narnia and The Screwtape Letters and has been less popular than Lewis s earlier works In Bareface Myers supplies background information on this difficult work and suggests reading techniques designed to make it more accessible to general readers She also presents a fresh approach to Lewis criticism for the enjoyment of specialists Previous studies have often treated the novel as mere myth ignoring Lewis s effort to present the story of Cupid and Psyche as something that could have happened Myers emphasizes the historical background the grounding of the characterizations in modern psychology and the thoroughly realistic narrative presentation She identifies key books in ancient and medieval literature history and philosophy that influenced Lewis s thinking as well as pointing out a previously unnoticed affinity with William James From this context a clearer understanding of Till We Have Faces can emerge Approached in this way the work can be seen as a realistic twentieth century novel using modernist techniques such as the unreliable narrator and the manipulation of time The major characters fit neatly into William James s typology of religious experience and Orual the narrator heroine also develops the kind of personal maturity described by Carl Jung At the same time both setting and plot provide insights into the ancient world and pre Christian modes of thought Organized to facilitate browsing according to the reader s personal interests and needs this study helps readers explore this complex and subtle novel in their own way Containing fresh insights that even the most experienced Lewis scholar will appreciate Bareface is an accomplishment worthy of Lewis s lifelong contemplation
