## **New Country:**

**Russian Diaspora** Ludmila Isurin, 2011 The book presents a broad interdisciplinary perspective on the contemporary Russian immigration to three countries the United States Germany and Israel The changes and transformations in three domains i e cultural perception self identification and attitudes to first language maintenance are explored through the Acculturation Framework that allows bringing together these essential aspects of immigration A separate look at Jewish and Russian ethnic groups within the so called Russian immigration as well as its interdisciplinary nature sets this book apart from other studies on recent immigration from the former USSR     Diaspora by Design Haideh Moghissi, Saeed Rahnama, Mark Goodman, 2009-02-14 Few groups face as many misconceptions within their new countries as do Muslim immigrants This book challenges the common misperceptions of Muslim immigrants as a homogeneous religiously driven group and identifies the tensions they experience within their host countries A comparative multi ethnic study based on over two thousand interviews Diaspora by Design examines Muslim populations that have settled in Canada Britain Iran and Palestine Utilizing hard socio economic data as well as qualitative analysis the authors show the remarkable diversity and divisions between Muslim immigrant populations along urban rural cultural class and gender lines They argue that integration is a two way exchange that requires a readiness on the part of the host society to remove barriers that prevent the full social and economic participation of immigrant populations Extensively researched and thoughtfully provocative Diaspora by Design is a much needed work that provides an accurate and dynamic depiction of the lives of Muslim immigrants away from their homelands     Rice C.
