Theology: What is Life? Dirk Evers,Michael Fuller,Antje Jackelén,Knut-Willy Sæther,2015-06-03 This book explores the
 concept of Life from a range of perspectives Divided into three parts it first examines the concept of Life from physics to
 biology It then presents insights on the concept from the perspectives of philosophy theology and ethics The book concludes
 with chapters on the hermeneutics of Life and pays special attention to the Biosemiotics approach to the concept The
 question What is Life has been deliberated by the greatest minds throughout human history Life as we know it is not a
 substance or fundamental property but a complex process It is not an easy task to develop an unequivocal approach towards
 Life combining scientific semiotic philosophical theological and ethical perspectives In its combination of these perspectives
 and its wide ranging scope this book opens up levels and identifies issues which can serve as intersections for meaningful
 interdisciplinary discussions of Life in its different aspects The book includes the four plenary lectures and selected revised
