PETER KIVY

# New Essays On Musical Understanding

**Providence Public Library (R.I.)**

## **New Essays On Musical Understanding:**

**New Essays on Musical Understanding** Peter Kivy, 2001 This is a selection of writings on the philosophy of music The author explores such topics as musicology and its history the nature of musical works and the role of emotion in music

**Musical Understandings** Stephen Davies, 2011-08-25 Musical Understandings presents an engaging collection of essays by Stephen Davies on the philosophy of music He explores a range of topics including how music expresses emotion modes of perception and musical profundity The volume includes original material newly revised articles and work published in English for the first time

**The Routledge Companion to Philosophy and Music** Theodore Gracyk, Andrew Kania, 2011-02-14 The Routledge Companion to Philosophy and Music is an outstanding guide and reference source to the key topics subjects thinkers and debates in philosophy and music Essential reading for anyone interested in philosophy music and musicology

**Platonism, Music and the Listener's Share** Christopher Norris, 2006-10-09 What is a musical work What are its identity conditions and the standards if any that they set for a competent intelligent and musically perceptive act of performance or audition Should the work concept henceforth be dissolved as some New Musicologists would have it into the various ever changing socio cultural or ideological contexts that make up its reception history to date Can music be thought of as possessing certain attributes structural features or intrinsically valuable qualities that are response transcendent i e that might always elude or surpass the best state of current or future informed opinion These are some of the questions that Christopher Norris addresses by way of a sustained critical engagement with the New Musicology and other debates in recent philosophy of music His book puts the case for a qualified Platonist approach that would respect the relative autonomy of musical works as objects of more or less adequate understanding appreciation and evaluative judgement At the same time this approach would leave room for listeners share the phenomenology of musical experience in so far as those works necessarily depend for their repeated realisation from one performance or audition to the next upon certain subjectively salient modalities of human perceptual and cognitive response Norris argues for a more philosophically and musically informed treatment of these issues that combines the best insights of the analytic and the continental traditions Perhaps the most distinctive feature of Norris's book true to this dual orientation is its way of raising such issues through a constant appeal to the vivid actuality of music as a challenge to philosophic thought This is a fascinating study of musical understanding from one of the worlds leading contemporary theorists

**Soul Music** Joel Rudinow, 2010-08-27 Exceptionally illuminating and philosophically sophisticated Ted Cohen Professor of Philosophy University of Chicago In this audacious and long awaited book Joel Rudinow takes seriously a range of interrelated issues that most music theorizing is embarrassed to tackle People often ask me about music and spirituality With Soul Music I can finally recommend a book that offers genuine philosophical insight into the topic Theodore Gracyk Professor of Philosophy Minnesota State University Moorhead The idea is as strange as it is commonplace that the soul in soul music is more than just a name that somehow the

music truly taps into something essential rooted in the spiritual notion of the soul itself Or is it strange From the civil rights movement and beyond soul music has played a key indisputable role in moments of national healing Of course American popular music has long been embroiled in controversies over its spiritual purity or lack thereof But why However easy it might seem to dismiss these ideas and debates as quaint and merely symbolic they persist In *Soul Music Tracking the Spiritual Roots of Pop from Plato to Motown* Joel Rudinow a philosopher of music takes these peculiar notions and exposes them to serious scrutiny How Rudinow asks does music truly work upon the soul individually and collectively And what does it mean to say that music can be spiritually therapeutic or toxic This illuminating meditative exploration leads from the metaphysical idea of the soul to the legend of Robert Johnson to the philosophies of Plato and Leo Strauss to the history of race and racism in American popular culture to current clinical practices of music therapy Joel Rudinow teaches in the Philosophy and Humanities Departments at Santa Rosa Junior College and is the coauthor of *Invitation to Critical Thinking* and the coeditor of *Ethics and Values in the Information Age*

**Empathy and the Aesthetic Mind** Katerina Bantinaki,Efi Kyprianidou,Fotini Vassiliou,2025-06-26 Empathy is widely acknowledged as a central if not necessary mechanism for understanding works of art and even as the mode of engagement that mediates art s edifying effects Bringing together 15 essays by established scholars this volume probes the character and role of empathy in our engagement with different forms of art but also the value of such engagement for cognition our emotive life and our moral stance Opening with a historical reconstruction of the origins of the concept of empathy the volume develops in four parts that explore in turn our empathic engagement with fictional characters the cognitive value of such engagement its relevance for moral agency as well as the thorny issue of empathic engagement with the inanimate in art focusing on music and architecture With an interest in both aesthetics and philosophy of mind the volume provides an in depth discussion of these themes giving careful attention to historical systematic and interdisciplinary perspectives

Introduction to a Philosophy of Music Peter Kivy,2002 Philosophy of music has flourished in the last thirty years with great advances made in the understanding of the nature of music and its aesthetics Peter Kivy has been at the center of this flourishing and now offers his personal introduction to philosophy of music a clear and lively explanation of how he sees the most important and interesting philosophical issues relating to music Anyone interested in music will find this a stimulating introduction to some fascinating questions and ideas

**How to Understand Music** William Smythe Babcock Mathews,1888

**Books of 1912- ,1922**

**Proceedings and Addresses of the American Philosophical Association** American Philosophical Association,2001 List of members in v 1

International Philosophical Quarterly ,1961

**New Essays on Performance Practice** Frederick Neumann,1989 A collection of essays which question many orthodox beliefs of the performance practice tradition and take a critical look at the early music movement Coverage includes Haydn s ornaments Mozart interpretation Handel s overtures and binary and ternary rhythms

Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur ,2004

**The Musical Times and**

**Singing-class Circular** ,1923      *Bibliographic Guide to Music* GK Hall,2002-07 The holdings of the Music Division of the New York Public Library cover virtually all musical subjects its scores represent a broad spectrum of musical style and history      Musical Opinion and Music Trade Review ,1918      **Traditionalism and Modernity in the Music and Dance of Oceania** Helen Reeves Lawrence,Don Niles,2001      **A.L.A. Catalog, 1926** Isabella Mitchell Cooper,Marion Horton,1926
