them Due to its profound influence on the development of Christian theology John's Gospel is an ideal base for rekindling fruitful dialogue The essays here taken from the inaugural conference consider this Gospel from many angles addressing a number of key issues that arise from a theological discussion of this text John's dualism in our pluralist context historicity and testimony the treatment of Judaism Christology and more This is the beginning of a conversation that can only be enriched by variety and experimentation It is a signpost pointing towards a not too distant future when interdisciplinary conversation and collaboration between these two natural partners will become no longer occasional and surprising but a normal and essential element in the flourishing of both
