Major Works:

The Major Works Francis Bacon, 2002 This authoritative edition was originally published in the acclaimed Oxford Authors series under the general editorship of Frank Kermode It brings together an extensive collection of Bacon's writing the major prose in full together with sixteen other pieces not otherwise available to give the essence of his work and thinking Although he had a distinguished career as a lawyer and statesman Francis Bacon's lifelong goal was to improve and extend human knowledge In *The Advancement of Learning* 1605 he made a brilliant critique of the deficiencies of previous systems of thought and proposed improvements to knowledge in every area of human life He conceived the *Essays* 1597 much enlarged in 1625 as a study of the formative influences on human behaviour psychological and social In *The New Atlantis* 1626 he outlined his plan for a scientific research institute in the form of a Utopian fable In addition to these major English works this edition includes *Of Tribute* an important early work here printed complete for the first time and a revealing selection of his legal and political writings together with his poetry A special feature of the edition is its extensive annotation which identifies Bacon's sources and allusions and glosses his vocabulary

Percy Bysshe Shelley Percy Bysshe Shelley, 2003 **Major Works** John Clare, 2004 After years of indifference and neglect John Clare 1793-1864 is now recognized as one of the greatest English Romantic poets Clare was an impoverished agricultural laborer whose genius was generally not appreciated by his contemporaries and his later mental instability further contributed to his loss of critical esteem But the extraordinary range of his poetical gifts has restored him to the company of contemporaries like Lord Byron John Keats and Percy Bysshe Shelley This authoritative edition brings together a generous selection of Clare's poetry and prose including autobiographical writings and letters and illustrates all aspects of his talent It contains poems from all stages of his career including love poetry and bird and nature poems Written in his native Northamptonshire Clare's work provides a fascinating reflection of rural society often underscored by his own sense of isolation and despair Clare's writings are presented with the minimum of editorial interference and with a new introduction by the poet and scholar Tom Paulin

The Major Works Sir Thomas Browne, 1977 Sir Thomas Browne 1605-82 was a writer of breathtaking range and learning whose works demonstrate a warm and humorous view of human nature *Religio Medici* is a fascinating witty and intimate exploration of his views on faith and tolerance while substantial selections from *Pseudodoxia Epidemica* display Browne's breadth of knowledge and omnivorous curiosity in his account of common errors in a startling array of subjects including sciences history literature and philosophy *Hydriotaphia or Urn Buriall* is an intriguing meditation on death and the desire for immortality *The Garden of Cyrus* considers the mysterious order to be found in nature and *A Letter to a Friend* and the aphoristic *Christian Morals* provide profound spiritual guidance to readers

A Dictionary of Conservative and Libertarian Thought (Routledge Revivals) Nigel Ashford, Stephen Davies, 2012-06-25 First published in 1991 this is a reissue of the path breaking *Dictionary of Conservative and Libertarian Thought* the first book to examine the ideals and arguments produced by the intellectual

traditions of both conservatism and classical liberalism Covering the ideas of many such distinguished thinkers as Hayek Scruton Friedman and Buchanan the volume provides a valuable survey of the historical development of both schools of thought in all of the major western countries and their contributions to contemporary debates From American Conservatism to French Liberalism Invisible Hand to Organic Society from Scientism to Scepticism and Utopianism to Voluntarism this is a vital work whose reissue will be welcomed as much by the keen layperson as by students of political science the history of philosophy economics and public policy An Examination of Robert Beadell's (1925-1994) Four Major Works for the Lyric Stage Scott Root,2004 Robert M Beadell 1925 1994 modestly referred to himself as a neoclassic eclectic composer and an obscure regional composer yet these appellations do not begin to describe the importance of his contribution to twentieth century American music The four music dramas which are the subject of this study are each very different in their size and scope yet all bear the unmistakable stamp of Beadell s unique blend of music and drama This book intends to show that the four music dramas are unique examples of American opera and should have the opportunity to be examined for their musicological and dramatic worth so that American opera directors and impresarios can decide if they should be included as definitive examples of American opera *The Oxford and Cambridge Review* ,1912 **Finance and Revenue Accounts of the Government of India** India. Department of Finance and Commerce,1925 **Statutory Instruments** Great Britain,2000 **Annual Report of the Administration** Bombay (India : State),1916 *Parliamentary Papers* Great Britain. Parliament. House of Commons,1902 **Government Gazette** ,1904 **Report by the Government of the Union of South Africa on the Administration of South West Africa** South Africa,1925 **Imperial Gazetteer of India** ,1908 **Report on the Administration of Burma** Burma Rights Movement for Action,1924 *Research in Progress* North Carolina State University. Graduate School,1920 *Research in Progress* ,1927 Supreme Court , Administrative Report North-west Frontier Province (Pakistan),1913 *Bulletin* Goucher College,1901
