Vedder, 2017-11-28 Excerpt from *Christian Epoch Makers* The Story of the Great Missionary Eras in the History of Christianity The study of missions under the auspices of the various missionary Organizations is now being prosecuted by a multitude of people young and old with a great deal of hearty good will and an energy most praiseworthy but with very little system It is certain that the result of such study will be the accumulation of a quantity of miscellaneous information about missions but very little knowledge The reading of some good general outline of missionary history is indispensable if our young people would avoid a serious case of mental dyspepsia It is not pretended that this is the only book available but it is believed to have certain features that will make it both welcome and effective At all events the author cherishes the hope that whoever carefully studies Chris tian epoch makers will find that if he has learned less than he might have wished he has nothing to unlearn About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Sebastian & Sons: A Brief History Of The Mrdangam Makers** T. M. Krishna, 2024-03 About the Book MUSICIAN AND ACTIVIST T M KRISHNA INVESTIGATES THE HISTORY OF THE MRDANGAM AND MEETS THE INVISIBLE KEEPERS OF A TRADITION THE MRDANGAM MAKERS The mrdangam is an integral part of the Karnatik stage its primary percussion instrument Yet startling as this is the instrument as we know it is

only a century old T M Krishna investigates the history of the mrdangam and meets the invisible keepers of a tradition the mrdangam makers The making process is an intellectually aesthetically and physically taxing one From acquiring the skins for the circular membranes and straps to the wood for the drum from curing the material to the final construction and at the end of it all making sure that it has the tone that the mrdangam player wants mrdangam making is also a highly nuanced operation at every stage While several artists have been credited with the evolution of the instrument including the stalwart Palghat Mani Iyer none of them had knowledge of a fundamental aspect of the making hide The quality of the hide and how it is cured cut stretched bound and braided impacts the tone timbre and sound of the instrument This requires a highly tuned ear and an ability to translate abstract ideas expressed by musicians into the corporeal reality of a mrdangam Yet their contribution to the art of the mrdangam is dismissed as labour and repair when it is spoken of at all There are legendary mrdangam players yes there are also distinguished mrdangam makers many of them from Dalit Christian communities who remain on the fringes of the Karnatik community Sebastian and Sons explores the world of these artists their history lore and lived experience to arrive at a more organic and holistic understanding of the music that the mrdangam makes
