Making A Soul:

Making a Soul John Godolphin Bennett, 1995-01-01 God's Autopsy and the Living Truth of Soul Hal Childs, 2022-08-22

The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God's Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung's psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself *Love and the Soul* Robert Sardello, 2011-06-28

With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner *Love and the Soul* helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community **Carl Jung and Soul Psychology** Donald Lathrop, E Mark Stern, Karen Gibson, 2014-02-04

Psychotherapy is profoundly indebted to Carl Jung who among others discovered the mappings of soul psychology Carl Jung and Soul Psychology is a fascinating exploration of the identity and unifying work of soul psychology The editors have met a monumental challenge in enlisting the scope of wisdom represented in this unique book **The Sacred Art of Soul Making: Second Edition** Joseph Naft, 2011-09

The Sacred Art of Soul Making offers an authentic and substantive spirituality for our time one that leads the reader toward understanding the structure of the soul and its development through meditation prayer presence and other practices This book addresses the important questions of soul and spirit with the depth and subtlety they require and with the clarity they call for Joseph Naft presents an integrated spiritual path that

begins where we are and ultimately takes us beyond consciousness toward the abode of the sacred That sacredness can touch and transform each of us if we make the necessary devoted effort And The Sacred Art of Soul Making shows the way toward that potential This Second Edition incorporates numerous significant revisions to the original plus two entirely new chapters Worlds of the Spirit and Modes of Will *Soul Mates and Twin Flames* Kevin Hunter,2013-11-27 Everyone is interested in love and relationships whether they like to admit it or not Even the most hardened human soul has fantasized about having a love interest or a partner in crime One of the main reasons you are here is to love and to learn how to love This is not just in intimate relationships but with everyone you come into contact with In *Soul Mates and Twin Flames* author Kevin Hunter touches on the topic of love and relationships by passing on some of the messages and guidance he has received from his own Guides and Angels on the topic Included in this informational book are some of the basics on Soul Mates Twin Flames Dysfunctional Relationships Reconnecting with an Ex Karmic Relationships Friendships Loneliness working with the Romance Angels Dating Relationships and more This pocket book is part of a series of Warrior of Light books Some of the content in all of the Warrior of Light pocket books are available in three bigger books called Warrior of Light Messages from my Guides and Angels Empowering Spirit Wisdom and Darkness of Ego *Singing to the Plants* Stephan V, Beyer,2010-01-15 In the Upper Amazon mestizos are the Spanish speaking descendants of Hispanic colonizers and the indigenous peoples of the jungle Some mestizos have migrated to Amazon towns and cities such as Iquitos and Pucallpa most remain in small villages They have retained features of a folk Catholicism and traditional Hispanic medicine and have incorporated much of the religious tradition of the Amazon especially its healing sorcery shamanism and the use of potent plant hallucinogens including ayahuasca The result is a uniquely eclectic shamanist culture that continues to fascinate outsiders with its brilliant visionary art Ayahuasca shamanism is now part of global culture Once the terrain of anthropologists it is now the subject of novels and spiritual memoirs while ayahuasca shamans perform their healing rituals in Ontario and Wisconsin *Singing to the Plants* sets forth just what this shamanism is about what happens at an ayahuasca healing ceremony how the apprentice shaman forms a spiritual relationship with the healing plant spirits how sorcerers inflict the harm that the shaman heals and the ways that plants are used in healing love magic and sorcery **Imagination in the Western Psyche** Jonathan Erickson,2019-08-08 *Imagination in the Western Psyche* From Ancient Greece to Modern Neuroscience offers a comprehensive treatment of the human imagination by integrating the rich discourse on imagination in the humanities with modern neuroscientific research This book is the first to offer an integrated understanding of imagination from both a humanistic i e historical philosophical cultural depth psychological and scientific perspective The book presents neurobiological accounts that align with prominent theories in Jungian and archetypal psychology and offers a window into the many ways imagination can be understood It elaborates on the discourse on imagination in Western civilization that goes back thousands of years Chapters analyze how imagination has been considered throughout history and

contrasts a modern neuroscientific approach that looks at imagination by studying its component parts without addressing the phenomenon in all its experiential richness and complexity By bringing these two approaches together an account of the human imagination emerges that is grounded in scientific rigor without diminishing the fullness of human experience This book will appeal to academics researchers and post graduate students in the fields of analytical psychology depth psychology Jungian studies and psychotherapy *The Sacred Books and Early Literature of the East* Charles Francis Horne,1917 **A Greek-English Lexicon** Henry George Liddell,Robert Scott,1880 The Eclectic Magazine of Foreign Literature, Science, and Art ,1892 Rhode Island; Its Making and Its Meaning Irving Berdine Richman,1902 Coming Back to God Patrick M.
