The Politics of Conflict Monica Ingber, 2015-04-01 A new look at the politics and legitimation of violence History Teacher's Magazine ,1910 The Nation ,1893 **Men of Capital** Sherene Seikaly, 2015-11-18 An eye opening book on the history of an elite Palestinian Arab group an important contribution and a highly recommended read Middle East Journal
Men of Capital examines British ruled Palestine in the 1930s and 1940s through a focus on economy In a departure from the expected histories of Palestine this book illuminates dynamic class constructions that aimed to shape a pan Arab utopia in terms of free trade profit accumulation and private property And in so doing it positions Palestine and Palestinians in the larger world of Arab thought and social life moving attention away from the limiting debates of Zionist Palestinian conflict
Reading Palestinian business periodicals records and correspondence Sherene Seikaly reveals how capital accumulation was central to the conception of the ideal social man Here we meet a diverse set of characters the man of capital the frugal wife the law abiding Bedouin the unemployed youth and the abundant farmer in new spaces like the black market cafes and cinemas and the idyllic Arab home Seikaly also traces how British colonial institutions and policies regulated wartime austerity regimes mapping the shortages of basic goods such as the vegetable crisis of 1940 to the broader material disparities among Palestinians and European Jews Ultimately she shows that the economic is as central to social management as the political and that an exclusive focus on national claims and conflicts hides the more complex changes of social life in Palestine Nation ,1921 **The Making of a Nation: A Discussion of Americanism and Americanization** Wentworth Fall Stewart, 2019-02-25 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant The Independent ,1913 **The Sabbath Recorder** ,1918 **The Beginnings of New England; Or, The Puritan Theocracy in Its Relations to Civil and Religious Liberty** John Fiske, 1892
