## Making Of Godzilla:

The Making of Godzilla Rachel Aberly, 1998 After the greatest movie monster of all time returns to the big screen this year fans will be able to satisfy their voracious appetite for the granddaddy of all monsters with this photo packed look at the making of the film Full color throughout *Atomic Dreams and the Nuclear Nightmare* Peter H. Brothers, 2015 For the first time in English print the complete story of the making of one of the most significant and influential films of the 20th Century Originally intended to cash in on the then current trend of American monster movies what resulted instead was the cinema's first anti nuclear treatise to reach an international audience Gathered from previously unpublished sources rare photographs personal interviews and with shot for shot descriptions of both the Japanese and American versions *Atomic Dreams and the Nuclear Nightmare* is a tribute to the greatest monster movie of them all *Japan's Favorite Mon-star* Steve Ryfle, 1998 More than 40 years after he emerged from the mushroom cloud of an H Bomb test Godzilla reigns as the king of monsters The book dispels the myths and illuminates the mysteries surrounding the enigmatic mon star and is loaded with background information and trivia about the people who created Japan's favorite monster 50 illustrations Ishiro Honda Steve Ryfle, 2018-04-10 An appreciation of Japanese fantasy film history through the eyes of a filmmaker whose name is obscure but populism remains influential Chicago Tribune Ishiro Honda arguably the most internationally successful Japanese director of his generation made an unmatched succession of science fiction films that were commercial hits worldwide From the atomic allegory of Godzilla and the beguiling charms of Mothra to the tragic mystery of Matango and the disaster and spectacle of Rodan The Mysterians King Kong vs Godzilla Honda's films reflected postwar Japan's anxieties and incorporated fantastical special effects a formula that created an enduring pop culture phenomenon Now in the first full account of this overlooked director's life and career Steve Ryfle and Ed Godziszewski shed new light on Honda's work and the experiences that shaped it including his days as a reluctant Japanese soldier witnessing the aftermath of Hiroshima and his lifelong friendship with Akira Kurosawa The book features close analysis of Honda's films including for the first time his rarely seen dramas comedies and war films and draws on previously untapped documents and interviews to explore how creative economic and industrial factors impacted his career Fans of Godzilla and tokusatsu special effects film and of Japanese film in general will welcome this in depth study of a highly influential director who occupies a uniquely important position in science fiction and fantasy cinema as well as world cinema Provides the reader with a lasting sense of the man his temperament values philosophies dreams and disappointments behind some of cinema's most beloved characters Film Comment **The Kaiju Connection** Jason Barr, 2023-10-02 What makes a kaiju a kaiju What makes an ape a large ape and why do we sympathize with some such as King Kong and not with others such as Konga And what makes a giant person become a monster This book provides a new perspective on kaiju and reveals that our boundaries for the genre are perhaps not so solid This work focuses primarily on newer kaiju works ranging from Colossal to Shin Godzilla to Godzilla vs Kong but also touches on classics such

as King Kong Mighty Joe Young Godzilla Raids Again and lesser known works such as What to Do With the Dead Kaiju and Agon Like our ancestors we have collectively adopted giant monsters into our culture especially our pop culture Within the domains where giant monsters walk we experience the rigidity of our moral structures and the fleeting borders of our definitions of humanity Within the kaiju film genre rest our own assumptions about what makes a monster a monster and more importantly what makes a human a human
