## **Making Of Menanders Comedy:**

The Making of Menander's Comedy Sander M. Goldberg, 2014-01-13 The discovery on papyrus of plays by Menander the greatest writer of Greek New Comedy at last makes possible an evaluation on his own terms of an ancient author who through the adaptations of Plautus and Terence profoundly influenced the course of western drama The present study establishes a critical perspective for understanding the kind of comedy Menander wrote his roots the theatrical effects he sought and the extent of his achievement Chapters on the major plays analyse their techniques of construction and characterisation suggesting both the strengths and the limitations of Menander's comic tradition This study is based on the Oxford Greek text but cites all ancient authors in translation to open the discussion to a wider audience An introductory chapter places the tradition of New Comedy in the history of drama and modern parallels are drawn wherever helpful It will therefore be of value to students of drama as well as to classicists
