Making Do Denyse Baillargeon, Yvonne Klein, 2014-05-27 Annotation Interviews Montreal francophone women who were already married at the beginning of the 1930s to reveal their strategies for coping with poverty Their recollections shed light on the impact of the economic crisis on women's household duties during the Depression and give insight on their lives and the living conditions of the working class

The Art of Making Do in Naples Jason Pine, 2012-12-18 In Naples there are more singers than there are unemployed people These words echo through the neomelodica music scene a vast undocumented economy animated by wedding singers pirate TV and tens of thousands of fans throughout southern Italy and beyond In a city with chronic unemployment this setting has attracted hundreds of aspiring singers trying to make a living or even a fortune In the process they brush up against affiliates of the region's violent organized crime networks the camorra In *The Art of Making Do in Naples* Jason Pine explores the murky neomelodica music scene and finds himself on uncertain ground The art of making do refers to the informal and sometimes illicit entrepreneurial tactics of some Neapolitans who are pursuing a better life for themselves and their families In the neomelodica music scene the art of making do involves operating do it yourself recording studios and performing at the private parties of crime bosses It can also require associating with crime boss impresarios who guarantee their success by underwriting it with extortion drug trafficking and territorial influence Pine likewise making do gradually realized that the completion of his ethnographic work also depended on the aid of forbidding figures *The Art of Making Do in Naples* offers a riveting ethnography of the lives of men who seek personal sovereignty in a shadow economy dominated in incalculable ways by the camorra Pine navigates situations suffused with secrecy moral ambiguity and fears of ruin that undermine the anthropologist's sense of autonomy Making his way through Naples's spectacular historic center and outer slums on the trail of charmingly evasive neomelodici singers and unsettlingly elusive camorristi Pine himself becomes a music video director and falls into the orbit of a shadowy music promoter who may or may not be a camorra affiliate Pine's trenchant observations and his own improvised attempts at making do provide a fascinating look into the lives of people in the gray zones where organized crime blends into ordinary life

Making Do in Damascus Sally K. Gallagher, 2012-10-10 Drawing on fieldwork that spans nearly twenty years *Making Do in Damascus* offers a rare portrayal of ordinary family life in Damascus Syria It explores how women draw on cultural ideals around gender religion and family to

negotiate a sense of collective and personal identity Emphasizing the ability of women to manage family relationships creatively within mostly conservative Sunni Muslim households Gallagher highlights how personal and material resources shape women's choices and constraints concerning education choice of marriage partner employment childrearing relationships with kin and the uses and risks of new information technologies Gallagher argues that taking a nuanced approach toward analyzing women's identity and authority in society allows us to think beyond dichotomies of Damascene women either as oppressed by class and patriarchy or as completely autonomous agents of their own lives Tracing ordinary women's experiences and ideals across decades of social and economic change *Making Do in Damascus* highlights the salience of collective identity place and connection within families as well as resources and regional politics in shaping a generation of families in Damascus

Orth, 2006 Through six accessible essays the author invites students of the law to look beyond accepted American legal practices One learns why appellate courts always have an odd number of judges why the power of judges depends partly on accurate court reporting and unitary opinions of the court how common law rules can be unconstitutional and many other pressing legal issues
