**The Making of Huddersfield** George Redmonds, 2003-05-01 The Making of Huddersfield is not a systematic and chronological account of Huddersfield's growth but a series of illuminating snapshots which bring to life numerous aspects of the town and its surrounding area Just 200 years ago Huddersfield was still a village In a short time it was to become one of the most dynamic and vibrant towns in the north of England and this book traces the history of that development from the early Middle Ages through important changes in Tudor and Stuart times and into the exciting years of the Industrial Revolution The Making of Huddersfield tells the story of ancient bridges and highways inns mills and private dwellings and it looks at ordinary people as they appear in early court records identifying individuals and families as they thronged the market place or relaxed in the ale houses Take a transitional journey from the Middle Ages to the present day as you read The Making of Huddersfield
