Making Of Our America

Marcel A. Müller

Making Of Our America:

The Making of America W. Cleon Skousen, The United States of America has been blessed with the world's greatest political success formula. In a little over a century this formula allowed a small segment of the human family less than 6 percent to become the richest nation on earth. It allowed them to create more than half of the world's total output in production and enjoy the highest standard of living in the history of the world. In this book we learn how the Founding Fathers discovered this success formula. Much of this discovery is told in the words of the Founders themselves so that the reader can feel the power of their minds sweeping away thousands of years of bad government and illogical laws to formulate a whole new society based on human freedom. By returning to the roots of the Founders thinking and contemplating the logic that they used in establishing the Constitution we can better understand the challenges and solutions that confront us in today's political world. This eBook includes the original index, illustrations, footnotes, table of contents and page numbering from the printed format.
