Making Of Russia The:

The Making of Modern Russia Lionel Kochan, Richard Abraham, 1983 [The Politics of HIV/AIDS in Russia](#) Ulla Pape, 2013-10-01 This book studies the role of civil society organisations in the fight against HIV AIDS in Russia. It looks at how Russia's HIV AIDS epidemic has developed into a serious social economic and political problem and how according to the United Nations Programme on HIV AIDS UNAIDS Russia is currently facing the biggest HIV AIDS epidemic in all of Europe with an estimated number of 980 000 people living with HIV in 2009. The book investigates civil society organisations contribution to social change and civil society development in post Soviet Russia and thus situates a specific type of civil society actors into a broader socio political context and questions their ability to represent civic interests particularly in the field of social policy making and health. This allows for a better understanding of the dynamics of state society relations in present day Russia and gives insight into the ways HIV AIDS NGOs in Russia have used transnational ties in order to exert influence on domestic policy making in the field of HIV AIDS

Market Entry and Operational Decision Making in East-West Business Relationships Jorma Larimo, 2013-04-03 Understand the dynamics of East West relationships in business to make better decisions. The Eastern expansion of the European Union has increased interest in this geographic region. Market Entry and Operational Decision Making in East West Business Relationships presents 10 case studies that focus on firms in Central and Eastern Europe and the strategies used for success. Academics, researchers and practitioners examine a variety of topics including entry and marketing strategies of Western multinational companies, choices of locations for foreign direct investments, first mover advantages, entry behavior of retailing companies, dynamics in subsidiary operations, industry clusters, decision making autonomy and internationalization. Market Entry and Operational Decision Making in East West Business Relationships provides information that is uniquely timely and practical to those in business in this region. The chapters bring the academic and the practical perspectives together by analyzing various research studies from different companies in several Central and Eastern European countries. This resource discusses companies and the decisions about where they begin and maintain operations and why these strategies were chosen. The book provides a clear spotlight on the business decisions currently taking place in the East West interaction. Topics in Market Entry and Operational Decision Making in East West Business Relationships include studies of four Estonian companies on their emergence and success factors, a comparative study of performance measures of companies in Central and Eastern Europe, a detailed look at the strategies of Finnish and Swedish companies in the Baltic states and Russia, the location decisions of Italian firms, a comparative study of in store shopping behavior in Italy, France and Poland, the regionalization of multinational company strategies, studies of Estonian companies including the wood and forest industries and more. Market Entry and Operational Decision Making in East West Business Relationships is an essential resource that examines issues of critical importance to business researchers, practitioners and policymakers
