## **Making Of The Modern Greek Family:**

**The Making of the Modern Greek Family** P. Sant Cassia, 1991      **The Making of the Modern Greek Family** Paul Sant Cassia, Constantina Bada, 1992 This 1991 study deals with a specific set of institutions in nineteenth century Athens Relying on matrimonial contracts travellers accounts memoirs and popular literature the authors show how distinctive forms of marriage kinship and property transmission evolved in Athens in the nineteenth century These forms then became a feature of wider Greek society which continued into the twentieth century Greece was the first post colonial modern nation state in Europe whose national identity was created largely by peasants who had migrated to the city As Athenian society became less agrarian a new mercantile group superseded and incorporated previous elites and went on to dominate and control the new resources of the nation state Such groups developed their own more mobile systems of property transmission mostly in response to external pressures of a political and economic character This is a persuasive piece of detective work which has advanced our knowledge of modern Greece It is a model for scholarship on the development of family and other intimate ideologies where nation states encroach upon local consciousness      *Studies in Social Organization* George A. Kourvetaris, 2006 In this third volume of the author s scholarly work twenty five articles address topics important to Greek society culture and politics Topics discussed include ethnonationalism civil military relations class consciousness and the Olympic Games      *Making Modern Mothers* Heather Paxson, 2004-02-12 In Greece women speak of mothering as within the nature of a woman But this durable association of motherhood with femininity exists in tension with the highest incidence of abortion and one of the lowest fertility rates in Europe In this setting how do women think of themselves as proper individuals mothers and Greek citizens In this anthropological study of reproductive politics and ethics in Athens Greece Heather Paxson tracks the effects of increasing consumerism and imported biomedical family planning methods showing how women s nature is being transformed to meet crosscutting claims of the contemporary world Locating profound ambivalence in people s ethical evaluations of gender and fertility control Paxson offers a far reaching analysis of conflicting assumptions about what it takes to be a good mother and a good woman in modern Greece where assertions of cultural tradition unfold against a backdrop of European Union integration economic struggle and national demographic anxiety over a falling birth rate      **Comportements Sociaux Et Stratégies Familiales Dans Les Balkans (XVIe-XXe Siècles)** Ionela Băluță, 2008      **La Famiglia** Eva Carlestål, 2005      **Forthcoming Books** Rose Arny, 2003      **Greece** Giannēs Koliopoulos, Thanos Veremēs, 2002 This historical essay explores Greece in the 1990s It seeks to illuminate vital aspects of the Greek phenomenon using themes such as politics institutions society ideology foreign policy geography and culture Founding principles the inspiration of the founding fathers are juxtaposed with indigenous norms and practices and the outcome of the tension between opposing forces are assessed This commentary on issues raised about Greece in the last decade of the 20th century challenges the established notions and stereotypes that disfigure the perceptions of country      *The Journal of the*

*Royal Anthropological Institute*, 2002 Articles on all aspects of anthropology      **History & Computing**, 1992      Historical Abstracts, 1998      Family, Kinship and State in Contemporary Europe Hannes Grandits, Patrick Heady, Peter P. Schweitzer, Martin Kohli, 2010 Kinship is at the heart of European society sharing with the state responsibility for welfare and social reproduction But the workings of kinship and their connection to state policies remain controversial Received theories have had to be revised in the light of social and demographic change and accumulating evidence of long standing cultural differences With *Family Kinship and State in Contemporary Europe* the editors and their collaborators have gathered a three volume array of historical sociological and ethnographic data that examine these issues and introduce readers to the types of kin relationships found around contemporary Europe In this volume the authors report the findings of a comparative ethnographic study looking at the local reality of family life its practical constraints and the support and control offered by wider kinship and community ties in nineteen localities across Europe The ethnographic chapters are placed in context by a quantitative comparison of kinship networks and by opening and concluding chapters focusing on kinship theory and the sustainability of kinship and community ties      *The Edinburgh History of the Greeks, 1768 to 1913* Thomas W. Gallant, 2015 This volume traces the rich social cultural economic and political history of the Greeks during National Period up till the military coup of 1909      Sociology of Diaspora Ajaya Kumar Sahoo, Brij Maharaj, 2007 Although there have been some discussions about diaspora in the past this has been more pronounced in the intellectual and public domain during the last decade of the 20th century Why has diaspora attracted such scholarly interest only recently Who are the protagonists who have made important contributions to the field This comprehensive collection of essays provides some answers by focusing on themes such as immigration transnationalism ethnicity identity religion politics citizenship gender sexuality and hybridity which comprise the domain of diaspora studies This book will be useful not only to sociologists but also to scholars working in the fields of social anthropology political science geography history philosophy literary cultural and ethnic studies

Civil War analyze the populist radicalism of Andreas Papandreou a figure who dominated Greek politics in the final decades of the Cold War and emphasize the ambiguities of a modern Greece Additional chapters by leading anthropologists such as Ren e Hirschon Roger Just and Juliet Du Boulay apply an ethnographic approach toward the understanding of social institutions and practices from divorce to sacred foodstuffs Written in honor of the classical historian John Campbell the multidisciplinary essays challenge conventional ideas of Greek nationalism and social development and touch upon broader issues including the emergence of nation states the relationship between familial and ideological conflict and the continued relevance of religion in modern life Journal of Mediterranean Studies ,1999 **Marriage in Past, Present and Future Tense** Janet Carsten,Hsiao-Chiao Chiu,Siobhan Magee i,Eirini Papadaki ,Koreen M.
