## **Make Your Own Gloves:**

**You Can Make Your Own Bags and Accessories** Edith M. Hummel, 1952      **You Can Make Your Own Gloves** Edith M. Hummel, 1946      **Gloves** Ida Tomshinsky, 2011-12-13 No outfit is complete without accessories. Trinity of hats, scarves, and gloves is a common ensemble that is used as modern fashion accessory by both men and women. It was a necessity to protect hands from gusty winds and keep them warm during cold weather winters. The historic evolution and democratization development of gloves had an exotic trip with detours aplenty throughout the centuries. Gloves in fashion were an exclusive enterprise, a pursuit of the wealthy. Therefore, the use of materials, the length, and fabrication evolved from made at home into real industry. Eventually, an array of hand wear of different styles and colors became available for masses. In the intervening time, European countries were the ones that planted the seeds that would define fashion culture: chic and elegance for decades to come. Today, whatever its seasonal vagaries, gloves and mittens as fashion accessories have been a reflection of society as an industry often stirring provocative debate. Is it art or craft? Who would wear elbow-length opera gloves? Is couture dead? Is department store obsolete? The answers are in the gloves themselves in their history and present.      **Make Your Own Gloves** Gwen Emlyn-Jones, 1974      **From Sugar to Diamonds** Gabriel A. Lopez, 2009-02      **Cutting for All!** Kevin L. Seligman, 1996. Containing 2,729 entries. Kevin L. Seligman's bibliography concentrates on books, manuals, journals, and catalogs covering a wide range of sartorial approaches over nearly five hundred years. After a historical overview, Seligman approaches his subject chronologically, listing items by century through 1799, then by decade. In this section, he deals with works on flat patterning, draping, grading, and tailoring techniques, as well as on such related topics as accessories, armor, civil costumes, clerical costumes, dressmakers' systems, fur, gloves, leather, military uniforms, and undergarments. Seligman then devotes a section to those American and English journals published for the professional tailor and dressmaker. Here, too, he includes the related areas of fur and undergarments. A section devoted to journal articles features selected articles from costume- and noncostume-related professional journals and periodicals. The author breaks these articles down into three categories: American, English, and other. Seligman then devotes separate sections to other related areas, providing alphabetical listings of books and professional journals for costume and dance, dolls, folk and national dress, footwear, millinery, and wigmaking, and hair. A section devoted to commercial pattern companies, periodicals, and catalogs is followed by an appendix covering pattern companies, publishers, and publications. In addition to full bibliographic notation, Seligman provides a library call number and library location if that information is available. The majority of the listings are annotated. Each listing is coded for identification and cross-referencing. An author index, a title index, a subject index, and a chronological index will guide readers to the material they want. Seligman's historical review of the development of publications on the sartorial arts, professional journals, and the commercial paper pattern industry puts the bibliographical material into context. An appendix provides a cross-reference guide for research on American and English pattern companies, publishers, and publications. Given

the size and scope of the bibliography there is no other reference work even remotely like it      **How to Make Gloves** Eunice Close,1950      **Competitive Obedience Training for the Small Dog** Gerianne Darnell,1994 Special techniques for those training small dogs in competitive obedience Covers novice through utility even sources of special equipment
