Making Of The Pope 2005:

The Making of the Pope 2005 Andrew M. Greeley,2005-09-28 Father Andrew Greeley recounts the dramatic unfolding of the centuries old conclave of cardinals in this firstshand account of the papal election of 2005 16 page insert Tuning the Rig Fred Herron,2012-07-10 To tune the rig describes adjusting a ship s rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal

consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church

Closing Chapters Thomas G. Welsh,2011-12-16 Closing Chapters attempts to explain the disintegration of urban parochial schools in Youngstown Ohio a onetime industrial center that lost all but one of its eighteen Catholic parochial elementary schools between 1960 and 2006 Through this examination of Youngstown Welsh sheds light on a significant national phenomenon the fragmentation of American Catholic identity
