**The Making and Breaking of the Soviet System** Christopher Read, 2001 Drawing on a wide range of post Soviet materials Christopher Read examines the reasons for the successes and failures of the Soviet system He argues that the underlying reasons for the system s collapse can be found in the contradictions of the revolution which gave birth to it The consequences are traced from Stalin to Gorbachev s doomed attempt to transform the Soviet system Particular attention is given to the divergence between the aspirations of the leadership and the social evolution of ordinary Russians

**Debates on Stalinism** Mark Edele, 2020-06-11 Debates on Stalinism introduces major debates about Stalinism during and after the Cold War Did Stalinism form a system in its own right or was it a mere stage in the overall development of Soviet society Was it an aberration from Leninism or the logical conclusion of Marxism Was its violence the revenge of the Russian past or the result of a revolutionary mindset Was Stalinism the work of a madman or the product of social forces beyond his control The book shows the complexities of historiographical debates where evidence politics personality and biography are strongly entangled Debates on Stalinism allows readers to better understand not only the history of history writing but also contemporary controversies and conflicts in the successor states of the Soviet Union in particular Russia and Ukraine
