Nevada Place Names Helen S. Carlson, 1974-01-01 Author and researcher Helen Carlson spent almost fourteen years searching for the origins of Nevada's place names using the maps of explorers, miners, government surveyors and city planners and poring through historical accounts, archival documents, county records and newspaper files. The result of her labors is **Nevada Place Names**, a fascinating mixture of history spiced with folklore, legend and obscure facts. Out of print for some years, the book was reprinted in 1999.

Sierra Nevada Place Names Peter Browning, 2011 This is the third edition of the book **Place Names of the Sierra Nevada**, first published in 1986. In this book are the place names of the Sierra Nevada from the Lake Tahoe basin south to Walker Pass. Not included are place names within Yosemite National Park with the exception of the names for the features on the park's boundary with the adjacent national forest. All other Yosemite names are in the book **Yosemite Place Names**. The origin of the names within the Lake Tahoe Basin are in the book **Tahoe Place Names**. Both those books are also published by Great West Books. Altitudes of most peaks and lakes are given and the name of the topographical map and the feature's location on that map are also provided. The names of the current 75 maps are referenced to their positions on the former 15 map series. There is an extensive bibliography. New in this edition are two indexes: one is of those who named features and the other of those whose names appear in the text of various entries.

Carlson, 1981 **Nevada Place Names** Rufus Wood Leigh, 1964 **Origin and History of Nevada Place Names** Marian Thompson, 1976 *Place Names of the Sierra Nevada* Peter Browning, 1991 Over the years the High Sierra has attracted a diverse group of travelers and residents who have explored its rivers, valleys, mountain peaks, lakes and passes. These names are clues to the colorful and unusual aspects of the area's past and the people and events that shaped it. In 1926 the Sierra historian Francis Farquhar wrote **Place Names of the High Sierra**. Published by the Sierra Club, it quickly became a standard reference book. Since then, more than half the names on the present topographic maps of the Sierra have been created, but Farquhar died before he was able to complete his planned revision. Peter Browning, who was given access to Farquhar's extensive revision notes, has written an entirely new book on the place names of the Sierra Nevada. He has perused many original sources, including the place names files of national parks and forests, the decision lists of the U.S. Board on Geographic Names and field notes of the U.S. Geological Survey topographers responsible for naming many of the features. This new book gives the derivation and lore associated with each name as well as quotes from many of the explorers and travelers of the Sierra Nevada. This book also has a very practical value. It gives the topographic map on which to find each of the almost 3000 place names. Altitudes of peaks, passes and lakes are given and each place is located by national park, national forest, etc.

Indian Placenames in America Sandy Nestor, 2015-05-07 The American Indians have lost much of their land over the years, but their legacy is evident in the many places around the United States that have Indian names. Countless placenames have however been

corrupted over time and numerous placenames have similar spellings but different meanings This reference work is a reprint in one combined volume of the two volume set published by McFarland in 2003 and 2005 Volume One covers the name origins and histories of cities towns and villages in the United States that have Indian names It is arranged alphabetically by state then alphabetically by city town or village name Additional data include population figures and county names Probable Indian placenames with no certain origin also receive entries and as much history as possible is provided about those locations Volume Two covers more than 1400 rivers lakes mountains and other natural features in the United States with Indian names It is arranged by state and then alphabetically by natural feature Counties are provided for most entries with multiple counties listed for some entries where appropriate In addition to name origins and meanings geophysical data such as the heights of mountains and lengths of waterways are indicated *Nevada Town Names* Ronald Lewis Chatham,1956
