and journalist Daniel Goleman author of the 1 international bestseller Emotional Intelligence offers a groundbreaking look at today's scarcest resource and the secret to high performance and fulfillment: attention. Combining cutting edge research with practical findings, *Focus* delves into the science of attention in all its varieties, presenting a long overdue discussion of this little noticed and under rated mental asset. In an era of unstoppable distractions, Goleman persuasively argues that now more than ever we must learn to sharpen focus if we are to survive in a complex world. Goleman boils down attention research into a threesome: inner, other, and outer focus. Drawing on rich case studies from fields as diverse as competitive sports, education, the arts, and business, he shows why high achievers need all three kinds of focus and explains how those who rely on "Smart Practices" (mindfulness, meditation, focused preparation and recovery, positive emotions and connections, and mental prosthetics) that help them improve habits, add new skills, and sustain greatness excel while others do not. **Entrepreneur's**

Psychologized Language in Education Zvi Bekerman, Michalinos Zembylas, 2017-10-02 This book explores how psychologized language has come to dominate education and schooling. Taking a critical lens to some major constructs in education (e.g., the mind, the self, identity, emotion, emotional intelligence, motivation, culture, language, and meaning) and their grounding in psychologized discourses, the authors suggest possible ways to overcome these psychologized discourses and remedy their consequences. The book invites readers to move away from static, reified conceptualizations to a more active social understanding of what education is all about. *Advanced Topics in Information Resources Management* Mehdi Khosrow-Pour, 2005-01-01 *Advanced Topics in Information Resources Management* is a series of books which feature the most current research findings in all aspects of information resources management.
