**Wealth Habits** Candy Valentino,2022-11-21 You don't have to be educated or connected to be wealthy How do wealthy people do it Are they geniuses Lucky We tend to think something special must be going on because it looks like magic But nothing could be further from the truth Wealthy people have simply adopted six key yet ordinary habits and they do them extraordinarily well Candy Valentino opened her first brick and mortar store at 19 no college no connections no money and built it into a seven figure business before most of her friends graduated college Over two decades of success as a serial entrepreneur and real estate investor she has labored relentlessly to crack the code of the super wealthy and in doing so has unearthed six simple habits that directly contribute to those who become part of the self-made millionaire class In Wealth Habits Valentino reveals all six habits and shows you how you can put them to work for you Long term investing strategies How to recession proof your business Ways to keep money out of the IRS hands What to teach your children about money How to establish financial protection and security The secrets to keep more of the money you make so you can invest more Think and get rich will only get you so far It's time to do and become wealthy and set yourself up for a lifetime of true financial freedom

**Empower Your Best Habits** Scott Allan,2022-09-18 Reshape Your Life and Change Your Behavior with the Power of Best Habits Your habits influence how you think behave act and decide different

things in life They are crucial to the quality of your life This is why it is essential to know how to develop good habits in alignment with your desired lifestyle and goals because only by building the right habits can you live a joyful and prosperous life Empower Your Best Habits is a complete blueprint to understanding the significance of habits in your life and learning the hacks and strategies to build success wealth time management growth mindset spirituality happiness and growth habits In Empower Your Best Habits transformational mindset strategist and peak performance trainer Scott Allan delivers key strategies to help you optimize align and direct your actions to form the best habits necessary for developing a high performance mindset In Empower Your Best Habits you ll discover The science behind habit formation which will help you understand how habits work The framework for building good habits and breaking bad ones The art of developing a sticky habit The best wealth habits to help you achieve financial abundance and prosperity Spirituality habits so you develop a clear sense of direction in your life and achieve your purpose Powerful habits for good health to improve your physical mental and emotional health Empower Your Best Habits is a practical blueprint for understanding the significance of habits in your life Now you will learn the tactics and strategies for building success sustainable wealth and long term happiness while experiencing a new level of health wealth and spirituality With simple but effective tactics and strategies you can now transform your life work health and relationships by cultivating one small habit at a time **Mini Habits** Stephen Guise, 2013-12-22 Discover the Life Changing Strategy of This Worldwide Bestseller in 17 Languages Lasting Change For Early Quitters Burnouts The Unmotivated And Everyone Else Too When I decided to start exercising consistently 10 years ago this is what actually happened I tried getting motivated It worked sometimes I tried setting audacious big goals I almost always failed them I tried to make changes last They didn t Like most people who try to change and fail I assumed that I was the problem Then one afternoon after another failed attempt to get motivated to exercise I accidentally started my first mini habit I initially committed to do one push up and it turned into a full workout I was shocked This stupid idea wasn t supposed to work I was shocked again when my success with this strategy continued for months and to this day I had to consider that maybe I wasn t the problem in those 10 years of mediocre results Maybe it was my prior strategies that were ineffective despite being oft repeated as the way to change in countless books and blogs My suspicions were correct Is There A Scientific Explanation For This As I sought understanding I found a plethora of scientific studies that had answers with nobody to interpret them correctly Based on the science which you ll find peppered throughout Mini Habits we ve been doing it all wrong You can succeed without the guilt intimidation and repeated failure associated with such strategies as getting motivated New Year s Resolutions or even just doing it In fact you need to stop using those strategies if they aren t giving you great results Most popular strategies don t work well because they require you to fight against your subconscious brain a fight not easily won It s only when you start playing by your brain s rules and taking your human limitations seriously as mini habits show you how to do that you can achieve lasting change What s A Mini Habit A mini habit is a very small positive

behavior that you force yourself to do every day its too small to fail nature makes it weightless deceptively powerful and a superior habit building strategy You will have no choice but to believe in yourself when you re always moving forward The barrier to the first step is so low that even depressed or stuck people can find early success and begin to reverse their lives right away And if you think one push up a day is too small to matter I ve got one heck of a story for you Aim For The First Step They say when you aim for the moon you ll land among the stars Well that doesn t make sense as the moon is closer than the stars I digress The message is that you should aim very high and even if you fall short you ll still get somewhere I ve found the opposite to be true in regards to productivity and healthy behaviors When you aim for the moon you won t do anything because it s too far away But when you aim for the step in front of you you might keep going and reach the moon I ve used the Mini Habits strategy to get into the best shape of my life read 10x more books and write 4x as many words It started from requiring one push up from myself every day How ridiculous is that Not so ridiculous when you consider the science of the brain habits and willpower The Mini Habits system works because it s how our brains are designed to change Note This book isn t for eliminating bad habits some principles could be useful for breaking habits Mini Habits is a strategy to create permanent healthy habits in exercise writing reading thinking positively meditating drinking water eating healthy foods etc Lasting change won t happen until you take that first step into a strategy that works Give Mini Habits a try You won t look back
