Trauma Healing 2026 Guide:

The Handbook of Complex Trauma and Dissociation in Children Ana M. Gómez, Jillian Hosey, 2025-03-31 The Handbook of Complex Trauma and Dissociation in Children Theory Research and Clinical Applications is a comprehensive and truly vital text for both experienced professionals and novice clinicians alike. In these pages dozens of experts and pioneers thoroughly cover the complex nuances of theory, assessment, research, and clinical practice. Specific sections cover etiology, neurobiology, and various theoretical and conceptual models for working with the complexities of cumulative and chronic traumatization in childhood. Additional sections cover standardized and non-standardized assessment and diagnostic tools, as well as the formulation and organization of the clinical interview with children and caregivers. Other chapters provide systematic and comprehensive reviews of current treatment modalities and effective approaches for treating children with complex trauma and dissociation across different stages of early development. The book's co-editors bookend the volume with thorough explorations of the nuanced and multifaceted issues impacting children with complex trauma and dissociative symptoms and features.

The Wiley Handbook of Art Therapy David E. Gussak, Marcia L. Rosal, 2026-01-07 A comprehensive discussion of the history, theory, and applications of art therapy. In the newly revised second edition of the *Wiley Handbook of Art Therapy*, a team of distinguished art therapists delivers a compilation of unprecedented depth and breadth on the subject of art therapy. It is a contemporary and holistic

picture of a profession that has undergone profound transformation since the publication of the first edition of this book. The editors expose you to a wealth of knowledge, wisdom, experiences, and perspectives that explain the countless applications and uses of art therapy. You'll gain an appreciation for the most recent developments in the field via the contributions of the 116 authors whose works make up this Handbook. Readers will also discover:

- A thorough introduction to the history of art therapy
- Comprehensive explorations of the theoretical frameworks on which art therapy is built, including expressive, psychoanalytic, Jungian, and archetypal theories
- Practical discussions of media considerations in art therapy
- Complete treatments of developmental milestones, populations, settings, and research models and assessments in art therapy

Perfect for practicing art therapists, the Wiley Handbook of Art Therapy will also benefit students in the therapeutic professions and anyone else with an interest in the applications, background, history, and theory of a fascinating and practical discipline.

Handbook of Research on Play Specialism Strategies to Prevent Pediatric Hospitalization Trauma Perasso, Giulia, Ozturk, Yagmur, 2022-10-14

Hospitalization can cause short term to long term issues to children's biopsychosocial health. Play strategies have played a key role in preventing hospitalization trauma. Properly trained play specialists provide children with structured play activities that have proven to be effective in diminishing anxiety, depression, and negative emotions among in-patient children and their parents. These techniques are beneficial to ameliorating children's and parents' coping strategies and treatment compliance. However, discrepancies among countries' healthcare systems in recognizing the value of play highlights the need for major awareness in the field. The *Handbook of Research on Play Specialism Strategies to Prevent Pediatric Hospitalization Trauma* spreads knowledge about the potential of playing to protect and increase children's health during hospitalization. The book focuses on play strategies counteracting pediatric patients' trauma, anxiety, depression, and other biopsychosocial negative consequences. It discusses the rights of hospitalized children and the strengths of the play specialism approach. Covering topics such as chronically ill children, pediatric oncology, and culturally sustaining practices, this premier reference source is an excellent resource for child psychologists, psychotherapists, neuroscientists, pedagogists, psychiatrists, nurses, physicians, health sociologists, pediatricians, play specialists, students, and faculty of higher education, librarians, researchers, and academicians.
