Hunter,2004-06-29 To lead is not to be the boss the head honcho or the brass To lead is to serve Although serving may imply weakness to some conjuring up a picture of the CEO waiting on the workforce hand and foot servant leadership is actually a robust revolutionary idea that can have significant impact on an organization s performance Jim Hunter champions this hard soft approach to leadership which turns bosses and managers into coaches and mentors By hard Hunter means that servant

leaders can be hard nosed even autocratic when it comes to the basics of running the business determining the mission where the company is headed and values what the rules are that govern the journey and setting standards and accountability. Servant leaders don't commission a poll or take a vote when it comes to these critical fundamentals. After all that's what a leader's job is and people look to the leader to set the course and establish standards. But once that direction is provided servant leaders turn the organizational structure upside down. They focus on giving employees everything they need to win be it resources time guidance or inspiration. Servant leaders know that providing for people and engaging hearts and minds foster a workforce that understands the benefits of striving for the greater good. The emphasis is on building authority not power on exerting influence not intimidation. While many believe that servant leadership is a wonderful inspiring idea what's been missing is the how to the specifics of implementation. Jim Hunter shows how to do the right thing for the people you lead. A servant leader or a self-serving leader. Which one are you? With Jim Hunter's guidance everyone has the potential to develop into a leader with character who leads with authority. **International Journal of Religious Education**, 1929

The Peter Principle Laurence J. Peter, Raymond Hull, 2014-04-01 The classic 1 New York Times bestseller that answers the age old question Why is incompetence so maddeningly rampant and so vexingly triumphant? The Peter Principle the eponymous law Dr Laurence J Peter coined explains that everyone in a hierarchy from the office intern to the CEO from the low level civil servant to a nation's president will inevitably rise to his or her level of incompetence. Dr Peter explains why incompetence is at the root of everything we endeavor to do why schools bestow ignorance why governments condone anarchy why courts dispense injustice why prosperity causes unhappiness and why utopian plans never generate utopias. With the wit of Mark Twain the psychological acuity of Sigmund Freud and the theoretical impact of Isaac Newton Dr Laurence J Peter and Raymond Hull's *The Peter Principle* brilliantly explains how incompetence and its accompanying symptoms syndromes and remedies define the world and the work we do in it. **The Global Leader: Management Insights from Around the World** Terence Brake, 1997 In 1994 Terence Brake co-authored the book *Doing Business Internationally* which provided comprehensive guidelines for individuals and organizations working across cultural borders. *The Global Leader* is a follow up to this successful book and focuses on the urgent need for companies to build cultures that develop global leaders at all levels. Filled with input executives and senior managers from leading global companies like Avon Bechtel Colgate Palmolive Huges Electronics and International Flavors and Fragrances this guide provides the reader with valuable insights into Organizational capabilities needed to build and sustain global competitiveness.
