Lives Across Time/Growing Up Henry H. Massie, Nathan M. Szajnberg, 2018-06-12 Follow seventy-six children from birth to thirty to learn about their various developmental life paths and their influences. Children traverse continuous or discontinuous courses. This book describes their life stories, which may transform and enrich the reader's life. In working with these people, the authors heard something basic stories people tell about themselves. While a life may fall into a group share characteristics with others, the individual's story remains compelling to group people. It is to some degree against psychoanalysis, a humanizing discipline. The authors allow the subjects to speak at length in their own voices to bring themselves alive for the reader. It is the authors' hope that they have been able to convey their awe about watching the inner worlds of children and that these stories may evolve in readers' minds and hearts and thus be remembered. **HEALING ACROSS TIME II** Lorrie Leigh, 2023-11-09 I have to ask again, Lorrie.
