Bailey & Love's Essential Operations in Hepatobiliary and Pancreatic Surgery Ashley Dennison, Guy Maddern, Jia Fan, 2024-11-15 Bailey Love's Essential Operations in Hepatobiliary and Pancreatic Surgery provides step by step explanations of both the core operations and more complex procedures Written by acknowledged experts and trainers from around the world and with abundant diagrams and figures to explain the operative steps this new resource will enable hepatobiliary and pancreatic surgeons to increase their skills in this demanding and technically challenging field Over 70 easy to read chapters cover the entire range of HPB surgery Essential management principles and technical points are included preferred operative techniques are described and alternative options discussed The practice of HPB surgery requires familiarity and expertise with a wide range of technologies and these are described and integrated within the text The text is enhanced by clear colour images ensuring that best practice in HPB surgery is made clear and accessible for a global audience As surgical trainees around the world continue to be faced with the reduction in training time surgical skills need to be increasingly codified so that trainees can reach a high level of proficiency as quickly as possible This manual ensures that surgeons will be able to access the core information that they need quickly and with ease and in the process increase their clinical judgement their experience and their technical skills **The English Catalogue of Books**

Published from January, 1835, to January, 1863, 1864 *Count God In* Loren F. Bliese, 2018-03-09 This study of Song of Songs uncovers many patterns related to the numerical value twenty six and related numbers for the divine name YHWH Patterns are so unique that they clearly show authorial intent They involve the numerical value of root forms of words their sequences and their totals in the book The beloved man is highlighted by special patterns which indicate that a typology for God is intended Deer names in the refrain have number patterns that confirm intention for being circumlocutions for divine names The disputed presence of the divine name YH in 8 6 is confirmed by the value of its full word One of the most striking patterns found with the help of a computer is that the totals of root words are all arranged to point to theological numbers in a beautiful intricacy Besides describing these patterns this study discusses numerical competence within a proposed Hebrew literary circle and what steps they might have gone through to create these amazing phenomena These theological numbers confirm intentionality for allusions to the Hebrew Bible and support a hermeneutic of spiritual applications A literary analysis of each poem focuses on the use of numbers among other features of prominence *Social Psychology for Foundation Year* Wendy Garnham, 2024-07-16 Introducing students to topical issues and controversies drawn from specific areas of social psychology Social Psychology for Foundation Year answers a series of contemporary questions and debates by bringing together current theories and studies from a number of areas within the field Aimed primarily at students starting out on their degree journey this book demonstrates how psychological research can help us understand our social world Exploring topics from the Obama effect to groupthink from what makes a good leader to the role of social identity in riots it

demonstrates how theories and studies contribute to our understanding of human behaviour It embraces both established theories and recent empirical evidence to enable readers to see how research is linked to practical application in psychology and empowers readers to develop a greater understanding of why we do the things we do Social Psychology for Foundation Year is a key textbook for both foundation year and introductory psychology courses and will be of interest to anyone wanting to delve into topical issues in contemporary psychology
