## **Love Is Relationships Paperback:**

**Love Is a Story** Robert J. Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light. What draws us so strongly to some people and repels us from others. What makes some relationships work so smoothly and others burst into flames. Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us. Drawing on extensive research and fascinating examples of real couples, Sternberg identifies 26 types of love story, including the fantasy story, the business story, the collector story, the horror story, and many others, each with its distinctive advantages and pitfalls, and many of which are clashingly incompatible. These are the largely unconscious preconceptions that guide our romantic choices, and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships. As long as we remain oblivious to the role our stories play, we are likely to repeat the same mistakes again and again. But the enlivening good news this book brings us is that though our stories drive us, we can revise them and learn to choose partners whose stories are more compatible with our own. Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner. Are you a traveler, a gardener, a teacher, or something else entirely? Love Is a Story shows you how to find out.

**The Truth About Love** Patricia Love, 2001-06-05 Offering a revelatory new perspective on loving relationships, the author of Hot Monogamy guides readers through the natural stages of love high and low and shows how not to break up before the breakthrough.

**The New Psychology of Love** Robert J. Sternberg, Karin Sternberg, 2019 This is a much-needed update on the latest theory and research on love supplied by leading scientific experts. It is suitable for psychologists, neuroscientists, anthropologists, sociologists, and anyone with an interest in love and what has been learned from scientific studies of it.

**Love Is A Verb** Pat Hudson, Bill O'Hanlon, 1995-02-07 Are you a co-dependent Cinderella who loves a man who hates women too much? A Peter Pan in denial about his inability to make a commitment? If so, it's time to stop analyzing your relationship. Even if you've discovered from the talk shows and the self-help books that you're afraid of intimacy or prone to self-destruction because of a miserable childhood, has it really helped? If not, it's time for action. It's time for Love Is a Verb. Here is a fresh new approach to relationships. The book goes beyond analyzing relationships to changing them, even if one partner isn't interested. Using a solution-oriented approach, humor, stories, and good common sense, Bill O'Hanlon and Pat Hudson, marriage counselors and husband and wife, show readers how to break free of old patterns in days and weeks, not months or years, quickly and easily, solve relationship problems, improve their sex life, increase feelings of love and closeness, get over past hurts. Lively, upbeat, and future-focused, Love Is a Verb shows readers how to change today's dreams of more romance and happiness into tomorrow's reality.
