

LOUIS ARMSTRONG

AN AMERICAN GENIUS

A black and white portrait of Louis Armstrong, looking slightly to the right with a warm, joyful expression. He is wearing a light-colored suit jacket over a white shirt. His right hand is resting on a stack of papers or music, with his fingers spread. A small, thin object, possibly a cigarette holder or a pen, is visible in his left hand. The lighting is dramatic, casting shadows on his face and highlighting his features.

biography of the jazz trumpeter and singer known as Satchmo **Learning Jazz** Ken Prouty,2023-11-27 Learning Jazz Jazz Education History and Public Pedagogy addresses a debate that has consumed practitioners and advocates since the music s

early days Studies on jazz learning typically focus on one of two methods institutional education or the kinds of informal mentoring relationships long associated with the tradition Ken Prouty argues that this distinction works against a common identity for audiences and communities Rather what happens within the institution impacts and is impacted by events and practices outside institutional contexts While formal institutions are well defined in educational and civic contexts informal institutions have profoundly influenced the development of jazz and its discourses Drawing on historical case studies Prouty details significant moments in jazz history He examines the ways that early method books capitalized on a new commercial market commandeering public expertise about the music Chapters also discuss critic Paul Eduard Miller and his attempts to develop a jazz canon as well as the disconnect between the spotlighted great men and the everyday realities of artists

Tackling race in jazz education Prouty explores the intersections between identity and assessment bandleaders Stan Kenton and Maynard Ferguson public school segregation Jazz at Lincoln Center and more He further examines jazz s public pedagogy and the sometimes difficult relationships between jazz people and the general public Ultimately Learning Jazz posits that there is room for both institutional and noninstitutional forces in the educational realm of jazz
