American Book Publishing Record ,2003 Colonial-Era Caribbean Theatre Julia Prest,2023-07-28 Cutting across academic boundaries this volume brings together scholars from different disciplines who have explored together the richness and complexity of colonial era Caribbean theatre The volume offers a series of original essays that showcase individual expertise in light of broader group discussions Asking how we can research effectively and write responsibly about colonial era Caribbean theatre today our primary concern is methodology Key questions are examined via new research into individual case studies on topics ranging from Cuban blackface commedia dell arte in Suriname and Jamaican oratorio to travelling performers and the influence of the military and of enslaved people on theatre in Saint Domingue Specifically we ask what particular methodological challenges we as scholars of colonial era Caribbean theatre face and what methodological solutions we can find to meet those challenges Areas addressed include our linguistic limitations in the face of Caribbean multilingualism issues raised by national geographical or imperial approaches to the field the vexed relationship between metropole and colony and crucially gaps in the archive We also ask what implications our findings have for theatre performance today a question that has led to the creation of a new work set in a colonial theatre and outlined in the volume s concluding chapter Catalogue of the Library of the Mercantile Library Association of San Francisco
