**Betsy Erkkila**

## Love Crisis:

*The Whitman Revolution* Betsy Erkkila, 2020-12-15 The Whitman Revolution brings together a rich collection of Betsy Erkkila's phenomenally influential essays that have been published over the years along with two powerful new essays. Erkkila offers a moving account of the inseparable mix of the spiritual sexual political in Whitman and the absolute centrality of male male connection to his work and thinking. Her work has been at the forefront of scholarship positing that Whitman's songs are songs not only of workers and occupations but of sex and the body homoeroticism and liberation. What is more, Erkkila's writing demonstrates that this sexuality and communal impulse is central to Whitman's revolutionary poetry and his conception of democracy itself an insight that was all but suppressed during the mid twentieth century emergence of American literature as a field of study. Highlights of this collection include Erkkila's essays on pairings such as Marx and Whitman, Dickinson and Whitman and Melville and Whitman. Across the volume she demonstrates an international vision that highlights the place of *Leaves of Grass* within a global struggle for democracy. The Whitman Revolution is evidence of Erkkila's remarkable ability to lead critical discussions and marks an exciting event in Whitman studies. **Whitman & Dickinson**

Éric Athenot, Cristanne Miller, 2018-01-15 *Whitman Dickinson* is the first collection to bring together original essays by European and North American scholars directly linking the poetry and ideas of Walt Whitman and Emily Dickinson. The essays present intersections between these great figures across several fields of study rehearsing well established topics from new perspectives opening entirely new areas of investigation and providing new information about Whitman's and Dickinson's lives, work and reception. Essays included in this book cover the topics of mentoring, influence on each poet, religion, the Civil War, phenomenology, the environment, humor, poetic structures of language and Whitman's and Dickinson's twentieth and twenty first century reception including prolonged engagement with Adrienne Rich's response to this strange uncoupled couple of poets who stand at the beginning of an American national poetic. Contributors include Marina Camboni, Andrew Dorkin, Vincent Dussol, Betsy Erkkila, Ed Folsom, Christine Gerhardt, Jay Grossman, Jennifer Leader, Marianne Noble, Cécile Roudeau, Shira Wolosky. *The New Review*, 1891. [Restoration Drama and the Idea of Literature](#)

Katherine Mannheimer, 2023-12-28 From 1642 to 1660 live theater was banned in England. The market for printed books, however, including plays, flourished. How did this period when plays could be read but not performed affect the way drama was written thereafter? As Katherine Mannheimer demonstrates, the plays of the following decades exhibited a distinct self-consciousness of drama's status as a singular art form that straddled both page and stage. Scholars have commented on how the ban on live performance changed the way consumers read plays, but no previous book has addressed how this upheaval changed the way dramatists wrote them. In *Restoration Drama and the Idea of Literature*, Mannheimer argues that Restoration playwrights recognized and exploited the tension between print and performance inherent to all drama. By repeatedly and systematically manipulating this tension, these authors' works sought to court the reader while at the same time also challenging emergent

concepts of literature that privileged textuality and print culture over the performing body and the live voice
