This Is Not a Love Scene S. C. Megale, 2019-05-07 This Is Not A Love Scene rings brilliantly true from the first page to the last David Baldacci 1 New York Times bestselling author Funny emotional and refreshingly honest S C Megale s This is Not a Love Scene is for anyone who can relate to feeling different while navigating the terrifying and thrilling waters of first love Lights camera all Maeve needs is action But at eighteen a rare form of muscular dystrophy usually stands in the way of romance She s got her friends her humor and a passion for filmmaking to keep her focus off consistent rejection and the hot older guy starring in her senior film project Tall bearded and always swaying Cole Stone is everything Maeve can t be And she likes it Between takes their chemistry is shockingly electric Suddenly Maeve gets a taste of typical teenage dating life but girls in wheelchairs don t get the hot guy right Cole s attention challenges everything she once believed about her self image and hopes for love But figuring this out both emotionally and physically won t be easy for either of them Maeve must choose between what she needs and what she wants while Cole has a tendency to avoid decisions altogether And the future might not wait for either Pink Floyd Andrew Wild, 2017-08-19

Obedient Daughter” Sabine Lichtenstein, 2014-03-01 A libretto is an indispensable part of an opera as a musical genre with few exceptions operas have been the subject of musicological studies and instrumental versions of sung or unsung opera numbers may be heard but we never listen to libretto texts being performed without the music Thus as a literary form the libretto is a highly specific genre with its own particular attributes This volume offers an approach to the libretto through the discussion of these attributes in many different examples It explores what may be expected of a librettist in response to the demands of the genre s characteristics his trials and tribulations his exchanges with the composer while adapting or converting a source almost always a literary source into the eventual libretto and about the different musical ways of dealing with the text In this way the volume clarifies the fundamental differences between the libretto and other literary genres

Story World and Photodramatist , 1924 *The Tragic and the Ecstatic* Chafe, 2008-08-12 During the years preceding the composition of Tristan and Isolde Wagner s aesthetics underwent a momentous turnaround principally as a result of his discovery of Schopenhauer Many of Schopenhauer s ideas especially those regarding music s metaphysical significance resonated with patterns of thought that had long been central to Wagner s aesthetics and Wagner described the entry of

Schopenhauer into his life as a gift from heaven Chafe argues that Wagner s Tristan and Isolde is a musical and dramatic exposition of metaphysical ideas inspired by Schopenhauer The first part of the book covers the philosophical and literary underpinnings of the story exploring Schopenhauer s metaphysics and Gottfried van Strassburg s Tristan poem Chafe then turns to the events in the opera providing tonal and harmonic analyses that reinforce his interpretation of the drama Chafe acts as an expert guide interpreting and illustrating most important moments for his reader Ultimately Chafe creates a critical account of Tristan in which the drama is shown to develop through the music
