Mastering Prolog:

Mastering Prolog R Lucas,1996-06-27 This introductory textbook uniquely combines a beginning course in the logic programming language Prolog with a full PC implementation of the language on a free disk As such it combines the demands made on a coursebook with the hands on facilities required for self study The book has a practical orientation with step by step development of the key concepts contained in the language It encourages students to implement all the examples provided as an essential part of the learning process In addition the book introduces foundational concepts of artificial intelligence AI alongside its development of the powerful features of Prolog The book is ideally suited to an undergraduate course in AI or logic programming providing a free full version of the language it also offers an inexpensive package for off the shelf self study for professionals as well as providing each student with a personal copy of Prolog for home study It should be valuable for both undergraduate and professionals

Mastering the Art of Prolog Programming: Advanced Techniques and Skills Steve Jones,2025-02-17 Mastering the Art of Prolog Programming Advanced Techniques and Skills is an essential resource for experienced programmers eager to elevate their Prolog expertise This comprehensive volume demystifies complex logic programming concepts offering a detailed exploration into Prolog s advanced constructs From sophisticated data structures and metaprogramming techniques to integrative methods that connect Prolog with other languages this book provides the tools necessary to harness the full potential of Prolog in solving real world problems Each chapter meticulously covers key themes such as constraint logic programming optimization strategies and the nuanced intricacies of concurrent and parallel design Our carefully curated content ensures that readers develop a deep practical understanding of how to use Prolog effectively across diverse domains including artificial intelligence big data management and high performance computing This text is rich with insights guiding professionals through the intricacies of writing efficient scalable and robust Prolog applications Mastering the Art of Prolog Programming is not only a testament to the language s versatility and power but also a definitive guide for unlocking creativity and innovation in programming Through its factual structured approach this book empowers you to transform complex challenges into elegant solutions utilizing the sophisticated capabilities of Prolog Whether you are developing advanced algorithms or crafting intelligent systems this book is your key to proficiency and success in the realm of logic programming

MASTERING PROLOG: FROM LOGIC TO WEB APPLICATIONS Mr. B. Srinivasulu (PhD) (Corresponding Author),Dr. B. Venkataramana,Mr. Sukhaveerji Ghate (PhD),Mr. B. Prabhanjan Yadav (PhD),2024-07-30 In recent years the fields of AI Machine Learning Deep Learning have seen significant advancements profoundly impacting various industries and aspects of daily life As educators and researchers deeply involved in these cutting edge areas we are pleased to present this book which aims to serve as a comprehensive guide and resource for students professionals and enthusiasts alike This book is the culmination of extensive research and practical experience from a diverse team of authors each bringing a wealth of knowledge and unique perspectives to the table Our collective

expertise spans across different facets of computer science and engineering ensuring a holistic and in depth exploration of the subject matter B Srinivasulu Ph D an Assistant Professor at BVRIT HYDERABAD College of Engineering for Women brings a profound understanding of Machine Learning and Deep Learning His contributions focus on the theoretical foundations and practical applications of these technologies providing readers with a robust framework to build upon Dr B Venkataramana an Associate Professor in the Department of CSE Data Science at Holy Mary Institute of Technology and Science offers valuable insights into the integration of data science methodologies within the broader scope of computer science Her expertise enriches the discussion on data driven approaches and the evolving landscape of data science Sukhaveerji Ghate Ph D an Assistant Professor at Sumathi Reddy Institute of Technology for Women specializes in AIML His work emphasizes the importance of visual data analysis and the transformative potential of image processing techniques in various applications from medical imaging to autonomous vehicles B Prabhanjan Yadav Ph D also an Assistant Professor at Sumathi Reddy Institute of Technology for Women contributes his extensive research experience in both AIML and Deep Learning His interdisciplinary approach bridges the gap between theoretical concepts and real world applications making complex topics accessible and relevant This book is designed to cater to a wide audience from undergraduate and graduate students embarking on their academic journey to seasoned professionals seeking to deepen their understanding of the latest developments in these fields Each chapter is meticulously structured to provide clarity foster curiosity and encourage further exploration We hope this book serves as a valuable resource inspiring readers to delve deeper into the fascinating world of Machine Learning Deep Learning and Image Processing As the field continues to evolve we remain committed to advancing knowledge and fostering innovation and we invite you to join us on this exciting journey

Logic And Declarative

Language M. Downward,2004-01-14 Logic has acquired a reputation for difficulty perhaps because many of the approaches adopted have been more suitable for mathematicians than computer scientists This book shows that the subject is not inherently difficult and that the connections between logic and declarative language are straightforward Many exercises have been included in the hope that these will lead to a much greater confidence in manual proofs therefore leading to a greater confidence in automated proofs
