Math Instruction Using Media And Modality Strengths:

Math Instruction Using Media and Modality Strengths Joan C. Carson, 1988 A PRACTICAL APPROACH TO USING LEARNING STYLES IN MATH INSTRUCTION Ruby Bostick Midkiff, Rebecca Davis Thomasson, 1994-01-01 Although much attention has been given to the use of learning styles in the general curriculum and in teaching students to read the use of learning styles based instruction in the mathematics classroom has received limited attention Therefore the purpose of this book is to address the improvement of mathematics instruction through the use of learning styles based instruction Its goals are to give the reader an understanding of learning styles based instruction in mathematics of effective use of manipulatives in teaching various concepts at all grade levels of ways to develop spatial reasoning skills in students of different activities which accommodate a variety of learning styles and of authentic assessment in mathematics The book presents the use of learning styles based instruction as a powerful strategy which teachers can and should use with the result that teaching will be more effective less remediation will be necessary and the overall mathematics curriculum will be enhanced Developing Multicultural Teacher Education Curricula Joseph M. Larkin, Christine E. Sleeter, 1995-01-01 This book explores how to make teacher preparation more multicultural **Encyclopedia of Mathematics Education** Louise Grinstein, Sally I. Lipsey, 2001-03-15 This single volume reference is designed for readers and researchers investigating national and international aspects of mathematics education at the elementary secondary and post secondary levels It contains more than 400 entries arranged alphabetically by headings of greatest pertinence to mathematics education The scope is comprehensive encompassing all major areas of mathematics education including assessment content and instructional procedures curriculum enrichment international comparisons and psychology of learning and instruction BEHAVIOR MANAGEMENT STRATEGIES FOR TEACHERS Joan C. Harlan, Sidney T. Rowland, 2002-01-01 This book provides in great detail proven and tested methods for teachers to use to be successful in their behavior management and instructional efforts It provides teachers with all the necessary strategies they need for maintaining and increasing appropriate behaviors as well as for preventing and remediating inappropriate behaviors Teachers can select from hundreds of suggestions and approaches all based on real classroom examples about how to manage motivate and teach students of all ages ability levels and motivational levels The contents of this text reflect the authors nearly three decades of experience in the field of education as elementary and special education teachers and supervisors teacher educators educational consultants researchers and as the authors of numerous articles and eight other texts Their experiences led to the purposeful design of this text s layout and content namely that teachers at all grade levels need assistance that is straightforward easy to implement and realistic for the variety of classroom settings and problem behaviors with which they are confronted The text content is largely drawn from eclectic research based as well as common sense and practical knowledge bases and the text is reader friendly and replete with easy to implement concrete specific suggestions

Additionally each chapter has a summary of key concepts and references for additional reading are provided for each chapter and for the text as a whole Each chapter also contains suggested activities and assignments that instructors can use with their students The comprehensive index also allows readers to instantly access content and solutions as needed
