**Utopia and Civilization in the Arab Nahda** Peter Hill, 2020-01-16 Examines the Nahda a cultural renaissance in the Arab world through the utopian visions of Arab intellectuals during the nineteenth century [The complete city trip guide for Sharjah \(United Arab Emirates\)](#) YouGuide Ltd, [Inside Tunisia's al-Nahda](#) Rory McCarthy, 2018-10-11 In the wake of the Arab uprisings al Nahda voted to transform itself into a political party that would for the first time withdraw from a preaching project built around religious social and cultural activism This turn to the political was not a Tunisian exception but reflects an urgent debate within Islamist movements as they struggle to adjust to a rapidly changing political environment This book re orientates how we think about Islamist movements Drawing on extensive fieldwork with grassroots activists of Tunisia s al Nahda Rory McCarthy focuses on the lived experience of activism to offer a challenging new perspective on one of the Middle East s most successful Islamist projects Original evidence explains how al Nahda survived two decades of brutal repression in prison and in social exclusion and reveals what price the movement paid for a new strategy of pragmatism and reform during the Tunisian transition away from authoritarianism [The Arab Nahda as Popular Entertainment](#) , 2023-11-16 What was popular entertainment like for everyday Arab societies in Middle Eastern cities during the long nineteenth century In what ways did caf culture theatre illustrated periodicals cinema cabarets and festivals serve as key forms of popular entertainment for Arabic speaking audiences many of whom were uneducated and striving to contend with modernity s anxiety inducing realities Studies on the 19th to mid 20th century s transformative cultural movement known as the Arab nahda renaissance have largely focussed on concerns with nationalism secularism and language often told from the perspective of privileged groups Highlighting overlooked aspects of this movement this book shifts the focus away from elite circles to quotidian audiences Its ten contributions range in scope from music and visual media to theatre and popular fiction Paying special attention to networks of movement and exchange across Arab societies in Lebanon Syria Egypt Iraq and Morocco this book heeds the call for translocal transnational cultural histories while contributing to timely global studies on gender sexuality and morality Focusing on the often marginalized frequenters of caf s artist studios cinemas nightclubs and the streets it expands the remit of who participated in the nahda and how they did

[The Other Iraq](#) Orit Bashkin, 2008-11-20 The Other Iraq challenges the notion that Iraq has always been a totalitarian artificial state torn by sectarian violence Chronicling the rise of the Iraqi public sphere from 1921 to 1958 this enlightening work reveals that the Iraqi intellectual field was always more democratic and pluralistic than historians have tended to believe Orit Bashkin demonstrates how Sunni Shi i and Kurdish intellectuals effectively created hyphenated Iraqi identities connoting pride in their individual heritages while simultaneously appropriating and integrating ideas and narratives of Arab and Iraqi nationalism Illustrating three developmental stages of Iraqi intellectual history she follows Iraqi intellectuals changing roles from agents of democracy to specialists who analyze the population to deeply entrenched members of society
