

NARRATIVE THERAPY

Narrative therapy is a form of psychotherapy that views people as the authors of their own stories.

Narrative therapy focuses on exploring and reshaping the narratives or stories that individuals construct about their lives, identities, and relationships.

Moschini,2018-07-04 Art Play and Narrative Therapy shows mental health professionals how the blending of expressive arts psychotherapy and metaphorical communication can both support and enhance clinical practice This book illuminates the ways in which metaphorical representations form who we are how we interact and how we understand our larger environment Author Lisa Moschini explains how to couple clients words language stories and artwork with treatment interventions that aid empathic understanding promote a collaborative alliance and encourage conflict resolution Chapters include numerous illustrations exercises and examples that give clinicians inspiration for both theoretical and practical interventions

Therapeutic Uses of Storytelling Camilla Asplund Ingemark,2013-12-03 How can stories and legends written and oral help people suffering from severe traumas or harsh conditions now or in the past Can storytelling help us sort out our innermost feelings and troubles This deeply human subject is relevant not only to practitioners of psychotherapy but to all of us as we sometimes go through difficult times in life In Therapeutic Uses of Storytelling a cross disciplinary group of researchers examine the ways in which narrative might aid in coping with difficult situations in life and with the emotions that these situations engender Starting with an introduction to basic narrative theories and the therapeutic effects of storytelling the book then moves on to a series of lucid case studies The authors present a diversity of material such as blogs poetry magazines memoirs and oral accounts from Antiquity to the present Authors from several different disciplines make for a diversity of perspectives The authors specialise in folkloristics psychology writing studies poetry therapy and classical studies Psychologists social workers researchers therapists all can benefit from this book including everyone interested in the possibility of inner exploration through stories

Story Re-Visions Alan Parry,Robert E. Doan,1994-09-09 Once upon a time everything was understood through stories The philosopher Friedrich Nietzsche once said that if we possess our why of life we can put up with almost any how Stories always dealt with the why questions The answers they gave did not have to be literally true they only had to satisfy people s curiosity by providing an answer less for the mind than for the soul From Chapter 1 Each of us has a story to tell that is uniquely personal and profoundly meaningful The goal of the modern therapist is to help clients probe deeply enough to find their own voice describe their experiences and create a narrative in which a life story takes shape and makes sense Emphasizing the vital connections among personal experience family and community the authors of this provocative new book explore the role of narrative therapy within the context of a postmodern culture They employ the interactional dynamics of family therapy to demonstrate how to help people deconstruct oppressive and debilitating perspectives replace

them with liberating and legitimizing stories and develop a framework of meaning and direction for more intentional more fulfilling lives Blending scientific theory with literary aesthetics Story Re Visions presents a comprehensive collection of specific narrative therapy techniques inventions interviewing guidelines and therapeutic questions The book examines the development of the postmodern phenomenon tracing its evolution across time and disciplines It discusses paradigmatic traditions the meaning of modernism and the ways in which the ancient binding narratives have lost their power to inspire uncritical assent Methods for doing narrative therapy in a destoried world are presented with suggestions for meeting the challenges of postmodern value systems and ethical dilemmas Numerous case examples and dialogues illustrate ways to help people become authors of their own stories and each of the last four chapters concludes with an appendix that provides additional information for the practicing clinician Detailing ways in which a narrative framework enhances family therapy the authors describe how the therapist and client may act together as revisionary editors and present techniques for keeping the story re vision alive well and in charge Finally the book examines re vision techniques for clinical training and supervision settings with discussion of how therapists may help one another create stories about their clients as well as themselves Accessibly written and profoundly enlightening Story Re Visions is ideal for family therapists psychologists psychiatrists and anyone else interested in doing therapy from a narrative stance It is also valuable as supplemental reading for courses in family therapy and other psychotherapeutic disciplines

So You Want to Do Narrative Therapy? Sanni Paljakka, Tom Stone Carlson, 2024-11-07 So You Want to Do Narrative Therapy is an engaging and accessible introduction to contemporary narrative therapy practice Each of the ten chapters is written in the series of letters personally addressed to a real student who is learning how to do narrative therapy at a narrative therapy agency Each letter highlights the most useful discoveries during the authors years of practicing in a narrative therapy agency both as a therapist and as supervisors Each letter also contains transcripts from therapy sessions showing the principles and practices in action and ends with a therapeutic poem that was given to the client based on their own words from a therapy session While written for narrative therapists at any level of experience this book is especially useful for graduate level theory courses in therapy training programs in counseling psychology social work and family therapy

Narrative Therapy in Wonderland David Marsten, David Epston, Laurie Markham, 2016-11-08 Recognizing the power of children s imaginations in narrative therapy Therapists may marvel at children s imaginative triumphs but how often do they recognize such talents as vital to the therapy hour Should therapists reserve a space for make believe only when nothing is at stake or might it be precisely those moments when something truly matters that imagination is most urgently needed This book offers an alternative to therapeutic perspectives that treat children as vulnerable and helpless It invites readers to consider how the imaginative gifts and knowledge of children when supported by the therapist and family can bring about dramatic change The book begins with an account of the foundations of narrative theory It explains how such elements as language characterization and suspense contribute to the coherence of a

story and bring young people into focus Each subsequent chapter provides specific suggestions for the practice of narrative therapy Examples of the difficulties children face are offered along with narrative interventions and tips for overcoming common barriers that can arise along the way Readers will learn a variety of ready to implement strategies including how to personify problems compose letters to affirm children s identities summon fairies to lend a helping hand and many more Sample dialogues between the authors children and their parents bring the application of each practice to life illuminating how even the most stubborn problem can be outwitted sometimes by mischievous means With robust professional insight Narrative Therapy in Wonderland will aid any practitioner in calling on children s imaginative know how How often can a young person be spotted diving headlong into a world of fantasy This book explores the extraordinary fact that these young people may upon arrival in Wonderland be far better equipped to take on even dire challenges than when they remain up above

If Problems Talked Jeffrey L. Zimmerman, Victoria C. Dickerson, 1996-08-29 In this unique book noted family therapists Jeffrey L Zimmerman and Victoria C Dickerson explore how clients problems are defined by personal and cultural narratives and ways the therapist can assist clients in co constructing and reauthoring narratives to fit their preferences The authors share their therapeutic vision through a series of stories fictionalized discussions and minidramas in which problems have a voice Written in an engaging and personal style the book challenges many dominant ideas in psychotherapy inviting the reader to enter a world in which she or he can experience a radically different view of problems people and therapy A wealth of stories told from the clients point of view illustrate the creative ways they begin to deal with problems Individuals escape them couples take their relationships back from problems kids dump their problems and teenagers work with their parents to fight their problems Training and supervision from the perspective of students are also discussed As entertaining as it is informative this book will be welcomed by family therapists both novice and experienced from a range of orientations Offering a creative and accessible approach to clinical work it also serves as a supplementary text in courses on family and narrative therapy
