Narratives Of A Vulnerable God:

Narratives of a Vulnerable God William Carl Placher, 1994-01-01 This is a book we urgently need Those who cling to the notion that theology is dull and remote must be warned away from Placher's lively prose Beverly R Gaventa Associate Professor of New Testament Princeton Theological Seminary

Narratives of a Vulnerable God William Carl Placher, 2008 Narratives of a vulnerable god is an engaging contribution to the current debate from the perspective of so called narrative or postliberal theology It is written in an accessible conversational style and is ideal for readers who are theologically oriented laypersons religious professionals or college or seminary teachers

God in Postliberal Perspective Robert Andrew Cathey, 2016-04-22 Who is God The variety of images of God tends to overwhelm us in the present age Is God a fiction of human construction or a reality that makes claims upon how we practice faith in God How does this quest for an understanding of God illumine who we are God in Postliberal Perspective presents an introduction to the doctrine and concept of God in contemporary philosophy and theology exploring how some theologians and philosophers dare to speak of God as real in our sceptical pluralistic and interfaith age Robert Cathey tours the house of realism as constructed by postliberal Christians David Burrell William Placher Bruce Marshall in conversation with living communities of faith and critical work in philosophy and theology and develops a distinctive argument about the relation of realism and non realism in constructing the doctrine of God in postliberal theology Offering a reading of postliberal theology which is open to critical discussion with other types of theology philosophy and faith traditions this book proposes a model of theological reflection that may be extended to the reality claims of a wide range of doctrines and concepts

Leadership, God's Agency, and Disruptions Mark Lau Branson, Alan J. Roxburgh, 2021-02-16 Leaders in congregations and Christian organizations wrestle with an unraveling of the world in which they have little experience and training While they are offered unending resources by experts on leadership some with claims to biblical blueprints the challenges seem mismatched to those methods Branson and Roxburgh frame the situation as one in which modernity's wager the conviction that God is not necessary for life and wisdom and meaning has defined the Western imagination Because churches and leaders are colonized by this ethos even when God is named and beliefs are claimed approaches to leadership are blind to God's agency Branson and Roxburgh approach this challenge as a work in practical theology attending to our cultural context narratives of God's disruptive initiatives in Scripture and a reshaping of leadership theories with a priority on God's agency With years of experience as teachers consultants and guides they name practices which lead to more faithful participation Leadership God's Agency and Disruption is wide ranging in cultural and biblical scholarship challenging in its engagement with numerous leadership studies and practical with its focus toward the on the ground life of churches and organizations

Divine Suffering Andrew J. Schmutzer, 2023-02-22 Divine Suffering is an interdisciplinary study that draws from systematics philosophy biblical theology and pastoral experience In addition to covering topics like the suffering of the Father in the Son and God's

cruciform vulnerability this book also explores how divine suffering animates the Christian gospel and resonates in the ongoing persecution of believers The study of the suffering God has everything to do with Theology History and Church Mission Like exploring a cathedral from all its entrances both scholars and seekers will find ample opportunity for theological challenge biblical insight and missional hope To accomplish this both Scripture and doctrine are closely investigated Today divine suffering must face the contemporary realities of protest atheism escalating wars new studies in relational theology and dialogical personhood that presses the need to explain a Christian message about the kind of God who is not only transcendent but also personal Divine Suffering introduces us to the history of God not just the God of history In this study we meet a God available to our pain though not diminished by it Mounting forms of grief need to be met with an equally pastoral understanding that validates suffering without valorizing it *The Origins of Mark* Dwight Peterson, 2021-10-11

The book observes and calls into question the scholarly practice of constructing a community behind the Gospel of Mark and by implication other Gospels as well and using that community to control appropriate interpretation of Mark It presents and critiques particular exemplars of this practice and briefly suggests other ways to ground the interpretation of Mark After an introduction chapters are devoted to the work of Werner Kelber Howard Clark Kee and Ched Myers Critical conclusions are then drawn after which the recent work of Joel Marcus is discussed A final chapter briefly suggests ways forward Constructing communities behind Gospels and using those communities as interpretive keys in Gospel interpretation is a widespread scholarly practice To date no full length critique of the practice has been published This book fills that lacuna

Spiritual Theology Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished *Spiritual Theology* is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective *Spiritual Theology* is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading *Always Being Reformed* David Hadley Jensen, 2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation

of Reformed theologians who teach and write on five different continents who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical

To Glorify God Bryan D. Spinks, Iain R. Torrance, 1999 This multivolume work by Hughes Oliphant Old canvasses the history of preaching from the biblical period through modern times These books explore the theme of preaching as Christian worship looking especially at how preaching throughout history has been done as a sacred service This book offers a significant evaluation of the two newest Reformed American Presbyterian and Church of Scotland liturgies Common Order 1994 and the Book of Common Worship 1993 International scholars examine the background and content of these recent liturgical compilations and discuss the contributions that these liturgies have made to worship in the late twentieth century church

Toronto Journal of Theology, 2003 **Journal of Theological Interpretation**, 2007 *Wisdom, You are My Sister* Roland Edmund Murphy, 1997 *Postliberal Theological Method* Adonis Vidu, 2006 Postliberal Theological Method is a fresh critical analysis of one of today's most influential theological movements Drawing on recent thinking in analytic philosophy particularly Donald Davidson's work on truth and meaning Vidu raises questions about the linguistic turn in the theology of Hans Frei George Lindbeck John Milbank and others

Tertullian's Theology of Divine Power Roy Kearsley, 1998 This book traces Tertullian's handling of key doctrines and draws implications for some of today's crucial issues Trinitarian faith the status of creation gender authority and power abuse It takes the agenda of early Christian thought seriously and finds it profoundly relevant today
