Magill,1963 **Masterpieces of Christian Literature** Frank N. Magill,1985 Masterpieces of Catholic Literature in Summary Form Frank Northen Magill,1965 Like a Cliffs Notes for theology this volume contains condensed versions of major writings by saints Catholic theologians and Popes Basic Religious Books and Chaplains' Services Jewette Cowan,1967 **The Living Church** ,1965 The Christian Century ,1918 The New York Times Book Review ,1968 **Witness and Existence** Philip E. Devenish,George L. Goodwin,1989-06-05 For over thirty years Schubert Ogden has championed and exemplified a particular understanding of the task and content of Christian theology The task of theology is to examine the meaning and truth of Christian faith in terms of human experience All theological claims therefore are assessable by two criteria their appropriateness to the normative Christian witness and their credibility in terms of human existence The content of Christian theology may be accurately and succinctly stated in two words radical monotheism The point of all theological doctrines from christology to ethics is to reflect on the gift and demand of God s love It may be said then that Ogden s entire theological project consists in the attempt to show that radical monotheism which is the essential point of the Christian witness is also the inclusive end of human existence Witness and Existence pays tribute to Ogden by bringing together essays by eminent scholars in New Testament studies and philosophical theology two fields which directly reflect his methodological concerns and his substantive contributions The book honors Ogden precisely by engaging the fundamental issues which Ogden himself has taken so seriously The first group of essays presents careful analyses of issues basic to the early Christian witness the second group examines the credibility of the Christian claim about God in terms of human experience The editors introductory essay provides the first comprehensive analysis yet to appear of Ogden s theology A complete bibliography of his published writings is included as an appendix **The Proven God** Thomas W. Balderston,2011 Philosophers scientists and Atheists seem to have a tendency toward avoiding God in positing their premises However Divine Law should not be excluded from analysis In actuality God And The Bible have played more of a role in the education and development of the minds of major thinkers than you might think In the Proven God Balderston suggests that the Big Bang Theory and other scientific and philosophical conventions are influenced by the Divine and indicative of the Truth God is real Denial of God too often reigns supreme and For The wrong reasons Through an exploration

of the centuries greatest thinkers eyes will open To The farce that is a reality without God who is the cause of all we enjoy and who provides our enlightenment In an interesting analysis of a broad range of philosophical viewpoints Balderston explores those who have converted from being an atheist non believer to being Christian and maintained their logic The book concludes with advice on how to live with doubt An issue that is pervasive For The believer And The non believer alike Through our own doubts we experience our existence and understand our purpose Allow this read to awaken you to a new enlightenment and age of reason a clarification and understanding of modern thinking And The attributes of the Divine A
