

An abstract glass sculpture with a complex, organic form. The surface is highly reflective and features a series of wavy, concentric bands of color. The primary colors are deep red and black, which form the outer layers. In the center, there are horizontal bands of white and black, creating a zebra-like pattern. The sculpture is set against a dark, gradient background that transitions from a lighter grey at the top to a darker brown at the bottom. The lighting is dramatic, highlighting the glossy texture and the intricate patterns of the glass.

This volume features more than 100 works by 31 of the best known American and European glass artists of our time including Jaroslava Brychtova, Dale Chihuly, Dan Dailey, Stanislav Libensky, William Morris, Tom Patti, Lino Tagliapietra and many others. William Warmus identifies four prominent themes in the relatively recent development of studio glass since 1960 that provide a framework for exploring the rich variety of works presented in this book. The first theme is what Warmus has called the particular affinity between nature and the making of glass. Where nature creates a heart, the glass artist creates a heart-felt vessel. The second is the ability of glass, equally to that of painting and sculpture, to convey the power of abstraction and color. A third theme is the prevalent use of glass, sometimes called the new bronze, to depict the human figure and animal forms. The final section deals with the theatrical nature of installations and environmental sculptures demonstrating the surprising capability of glass to impose itself physically and emotionally on the space we inhabit, altering our very perception of it. Ancient Egypt and places contemporary glass within the context of contemporary art and theory at large. In addition, the book includes selected artists' bibliographies and a chronological bibliography of contemporary glass that lists key historical events, general trends and developments and important publications. *Fire and Form* offers a unique perspective on this vital and intoxicating medium and its publication is a welcome event for all lovers of glass: those who make it, those who collect it and those who admire it. **American Book Publishing Record**, 1997-09 **Umbrella**, 1997
