Initiation à la négociation collective 2e édition Jean Sexton, Pier-Luc Bilodeau, 2013-02-20T00:00:00-05:00 L'étude et la pratique de la négociation collective exigent bien avant l'examen des techniques ou des méthodes la compréhension de notions et de concepts qui lui sont caractéristiques L'objectif du présent ouvrage est de présenter les premiers éléments les valeurs les principes de base les postulats et les principales composantes de la négociation collective pour en comprendre la nature et le rôle Pour ce faire en plus du contenu de l'édition originale cette nouvelle édition a été enrichie par de nombreuses mises à jour ainsi que par l'ajout d'un tout nouveau chapitre sur le déroulement de la négociation collective Cette Initiation à la négociation collective s'adresse donc tous les étudiants praticiens et observateurs de la négociation collective des relations du travail

Rapport Mapping : trésor oublié, un repère pour la paix en RDC ? Jordan Lukatula, 2025-09-22 Malgré les innombrables initiatives nationales et internationales

aucune n'a réussi à apporter une stabilité durable face aux conflits armés que traverse la RDC. Face à ce constat, il y a eu une approche radicalement nouvelle qui s'impose. La RDC peut-elle, dans sa configuration actuelle, réussir à mettre un terme à cette tragédie par le biais de mécanismes traditionnels de résolution des conflits ? Le constat est implacable : faible capacité militaire, manque de volonté politique, institutions fragiles, corruption systémique. Le pays ne dispose pas des leviers adéquats pour résoudre ses crises, que ce soit par la force militaire, par les sanctions internationales ou par les négociations. Publié en 2010 par le Haut Commissariat des Nations Unies aux droits de l'homme, le Rapport Mapping recense des crimes d'une extrême gravité commis en RDC et fournit un cadre solide pour la justice transitionnelle et la prévention des conflits futurs dans le pays. Des pistes inédites sont explorées ici, centrées notamment sur la justice transitionnelle et une refonte profonde des institutions telles que préconisées dans le Rapport Mapping. Par ailleurs, en s'appuyant sur la philosophie politique des Lumières, l'ouvrage met en avant une approche novatrice axée sur la reconstruction de l'architecture politique et institutionnelle congolaise.
