Arahood, 1993 **A Study of Management Incentive Compensation Plans** Robert M. Mix, 1952 *Designing Effective Incentive Compensation Plans* Sal DiFonzo, 2015-12-15 Drawing on two decades of compensation experience Sal DiFonzo explores how to transition a firm from a traditional discretionary plan to a contemporary structured incentive compensation plan. The issues in this process can be complex but DiFonzo simplifies them by taking the reader step by step through the rationale behind creating a structured incentive compensation plan, each phase of the creation process and expert strategies for solving the issues that invariably arise with changes to compensation. While examples are drawn from the design and construction industry, firms from all industries seeking to drive strategy, engage employees and achieve success will find this book to be a valuable guide.

**The Complete Guide to Sales Force Incentive Compensation** Andris Zoltners, Prabhakant Sinha, Sally Lorimer, 2006-08-07 A well designed and implemented incentive program is an essential tool for building a motivated, highly effective sales force that delivers the results you need. Incentive programs are seductively powerful but complicated instruments. Without careful planning and implementation, they can be too stingy to motivate, too complex to understand, too quick to reward mediocre results, and too difficult to implement. *The Complete Guide to Sales Force Incentive Compensation* is a practical, accessible, detailed roadmap to building a compensation system that gets it right by creating motivating incentives that produce positive outcomes. Packed with hundreds of real life examples of what works and what doesn't, this important guide helps you understand the value of building an incentive plan that is aligned with your company's goals and culture. Avoid the common trap of overusing incentives to solve too many sales management problems. Measure the effectiveness of your current incentive program, employing easy to use tools and metrics for pinpointing its weak spots. Design a compensation plan that attracts and retains successful salespeople, including guidelines for determining the correct pay level, the best salary incentive mix, the proper performance measures, and the right performance payout relationship. Select an incentive compensation plan that works for your organization, then test the plan before it is launched. Set territory level goals that are fair and realistic and avoid overpaying the sales force or demoralizing salespeople by having difficult goals or not fairly assigned. Create and manage sales contests, SPIFFs, Special Performance Incentive for Field Force, and recognition programs that consistently deliver the intended results. Manage a successful transition to a new compensation plan and build efficient administration systems to support your plan. Filled with ready to use formulas and assessment tools and a wealth of insights from frontline sales managers and executives, *The Complete Guide to Sales Force Incentive Compensation* is your hands on, easy to read, playbook for crucially important decisions.
