The Best of Business Economics Robert Thomas

Crow,2016-04-08 Since its establishment in 1965 Business Economics has been an essential resource for those who use economics in the workplace Its consistent intent has been to distinguish itself from academic journals by focusing on what is useful to practitioners of economics in their everyday work and it has risen to become the leading forum for debating solutions to critical business problems analyzing key business and economic issues and sharing of best practice models tools and hands on techniques In celebration of the journal s anniversary The Best of Business Economics brings together forty of the best articles from half a century of publication those that pushed boundaries challenged conventional wisdom and redefined the way practitioners and academics approached their work Much of the insight afforded in this collection on the uses and limitations of economics are as fresh and useful today as when they were published Featuring award winning articles and the world s premier economists this collection is an essential addition to any economics library *Managerial Economics & Organizational Architecture* James A. Brickley,Clifford Smith,Jerold L. Zimmerman,2007 With two distinct objectives this text s approach to managerial economics takes models from recent economics research and applies the research to the internal structure of a firm After teaching basic applied economics the authors look inside the firm and apply this analysis to management decision making Authors Brickley Smith and Zimmerman contend that organizational architecture consists of three aspects of corporate organization the assignment of decision rights within the company methods of rewarding individuals the structure of systems to evaluate the performance of both individuals and business units These three components can be likened to a stool with three legs If one of the legs is shorter the stool is out of balance These three elements must be in balance in the organization as well The Deltasig of Delta Sigma Pi Delta Sigma Pi,1930
