Managing Your Self Management By Detached Involvement:

Managing your self Jagdish Parikh,1991 **A Management System Exempt from Power** C. Bourion,2006-02-28 The author argues that power in organizations has negative and counter productive effects management should be based on self guidance and maximizing each individual's creative resources Arguing that managers should focus on developing efficiency empathy and imagination this includes questionnaires so readers can assess their management approach

Educational

Leadership Harry Tomlinson,2004-06-09 The new career for teachers which is currently developing encourages responsibility for self development The learning needed for this new career focuses on personal competencies which make teachers highly effective This book outlines personality and identity motivation and reward strategies the emotions of leadership and the values and ethics which underpin professional integrity Using a practical but evidence based approach the author outlines how to develop creativity assertiveness and emotional intelligence using techniques such as neuro linguistic programming to model excellence The author shows how teachers can use work on effective people to develop their own performance and

The Integrators Panos Vostanis,Ronnie Lessem,2016 *Hope for Children of Trauma An International Perspective* synthesizes all the existing evidence policy and practice from around the world for children and youth who have experienced different forms of complex trauma such as abuse neglect and war violence and also presents a real advance in the literature by covering new material from the author's extensive visits and collaborations in low and middle income countries in Asia Africa and Latin America The book covers a historical and research overview of developments in trauma and child mental health global policy and evidence on the impact of trauma on child mental health In particular this book communicates real experiences through narratives and supporting photographic material from children in slum areas orphanages or on the streets and explores the application of therapeutic approaches by frontline practitioners therapeutic interventions service development and training programmes

Nhakanomics: Harvesting Knowledge and Value for Re-generation Through Social Innovation Ronnie Lessem,Munyaradzi Mawere,2019-08-02 **Nhakanomics**

Harvesting Knowledge and Value for Re generation Through Social Innovation is a radical departure from the commonly held belief that neo liberal economics from the US and the West is universal and is the only solution to underdevelopment and poverty throughout the world Instead the book teases out and theorises the intellectually rutted terrain of development studies and neo liberal economics from a decolonial Pan Africanist perspective Following a path of social innovation with perspectives drawn from social anthropology economics and business and management studies Nhakanomics is a unique socio economic approach applicable in the Global South and in Southern Africa in particular The study argues that the process and substance of nhakanomics with its pre emphasis on the relational South provides a robust and holistic approach to social innovation and social transformation grounded in relational networks and meshworks The central idea is a call to re GENE rate society through local Grounding and Origination and tapping into local global Emergent Foundations via a newly

global Emancipatory Navigation while ultimately culminating in global local transformative Effects in four recursive cycles of re GENE rating C K umusha Culture Communication and Capital after re Constituting Africa the 5Cs With a novel and radical approach the book is an interrogation of neo liberal economics in the Global South As such this book is remarkably handy to students and practitioners in the fields of economics development studies political science science and technology studies business management sociology transformation studies and development related non Governmental Organisations working with grassroots communities

How Well Do Executives Trust Their Intuition Jay Liebowitz, Yolande Chan, Tracy Jenkin, Dylan Spicker, Joanna Palisziewicz, Fabio Babiloni, 2018-12-12 In this age of Big Data and analytics knowledge gained through experiential learning and intuition may be taking a back seat to analytics However the use of intuition should not be underestimated and should play an important role in the decision process How Well Do Executives Trust Their Intuition covers the Fulbright research study conducted by this international team of editors The main question of their investigation is How well do executives trust their intuition In other words do they typically prefer intuition over analysis and analytics And equally importantly what types of intuition may be most favorable looking at different variables The research utilizes survey and biometrics approaches with C level executives from Canada U S Poland and Italy In addition the book contains chapters from leading executives in industry academia and government Their insights provide examples of how their intuition enabled key decisions that they made This book covers such topics as Using intuition How gender experience role industry and country affect intuition Trust and intuition in management Trusting intuition It s a matter of heart Leadership intuition and the future of work Creating an intuitive awareness for executives Improvisation and instinct The book explores how executives can use intuition to guide decision making It also explains how to trust intuition based decisions How Well Do Executives Trust Their Intuition is a timely and prescient reminder in this age of data driven analytics that human insight instinct and intuition should also play key roles
