*Manhood and Morality* Suzette Heald, 2002-01-22 An impressive and meticulously crafted African ethnography which has theoretical and practical relevance for understanding masculinity and violence in general David Parkin Professor of Anthropology Cambridge University Manhood and Morality explores issues of male identity among the Gisu of Uganda and the moral dilemma faced by men who define themselves by their capacity for violence Drawing extensively on twenty years of fieldwork and on psychological theory the book covers circumcision Oedipal feelings witchcraft deviance joking sexuality and ethnicity This ethnographic study challenges our preconceptions of manhood especially African virility inviting a wider re evaluation of masculinity

**What is Masculinity?** J. Arnold, S. Brady, 2011-06-14 Across history the ideas and practices of male identity have varied much between time and place masculinity proves to be a slippery concept not available to all men sometimes even applied to women This book analyses the dynamics of masculinity as both an ideology and lived experience how men have tried and failed to be Real Men

*Doing Conceptual History in Africa* Axel Fleisch, Rhiannon Stephens, 2018-02-21 Employing an innovative methodological toolkit Doing Conceptual History in Africa provides a refreshingly broad and interdisciplinary approach to African historical studies The studies assembled here focus on the complex role of language in Africa's historical development with a particular emphasis on pragmatics and semantics From precolonial dynamics of wealth and poverty to the conceptual foundations of nationalist movements each contribution strikes a balance between the local and the global engaging with a distinctively African intellectual tradition while analyzing the regional and global contexts in which categories like work marriage and land take shape

*Handbook of Material Culture* Chris Tilley, Webb Keane, Susanne Kuechler, Mike Rowlands, Patricia Spyer, 2006-01-05 The study of material culture is concerned with the relationship between persons and things in the past and in the present in urban and industrialized and in small scale societies across the globe The Handbook of Material Culture provides a critical survey of the theories concepts intellectual debates substantive domains and traditions of study characterizing the analysis of things It is cutting edge rather than simply reviewing the field as it currently exists It also attempts to chart the future the manner in which material culture studies may be extended and developed The Handbook of Material Culture is divided into five sections Section I maps material culture studies as a theoretical and conceptual field Section II examines the relationship between material forms the human body and the senses Section III focuses on subject object relations Section IV considers things in terms of processes and transformations in terms of production exchange and consumption performance and the significance of things over the long term Section V considers the contemporary politics and poetics of displaying representing and conserving material and the manner in which this impacts on notions of heritage tradition and identity The Handbook charts an interdisciplinary field of studies that makes an unique and fundamental contribution to an understanding of what it means to be human It will be of interest to all who work in the social and historical sciences from anthropologists and archaeologists to human geographers

to scholars working in heritage design and cultural studies      **Religious Diversity Today** Jean-Guy A. Goulet,Liam D. Murphy,Anastasia Panagakos,2015-12-01 This insightful three volume set examines faith through the social and cultural perspective of anthropology sociology and religious studies shedding light on the role of religion in the human experience Why is human suffering and the existence of evil part of the human experience How does religious doctrine establish one s identity In what ways does religion interact with and shape the social order This thought provoking work ponders these questions and explores the concept of religion from various perspectives as a tool for self and community based spiritual awareness as a set of practices that translates faith into interaction with others and as a cornerstone of society for those who seek to harness or hinder its influence Written in accessible and inviting language each volume focuses on a particular dimension of religion The first book examines religious experience in the modern world and explores suffering in religious faiths the second volume centers around ritual and pilgrimage and the last book analyzes the controversial relationship between religion and societies The content features such thought provoking topics as death and green burials sexuality and sex trade and how and why evil manifests in the human experience      **The Child** Richard A. background for a critical engagement with current theories of the successful enduring distribution of cultural ideas and practices This book is part of the Ritual Studies Monograph Series edited by Pamela J Stewart and Andrew Strathern Department of Anthropology University of Pittsburgh H jjberg underscores religious resilience through a deeply researched study of sale a secretive power widely shared through interethnic Poro and Sande initiatory societies Rich masquerade the violence of identity politics and how religion is transmitted even when obliged to go underground are among the topics considered Summing Up Recommended CHOICE Magazine H jjberg s account will undoubtedly provide valuable ethnographic material to regional specialists and it documents a wealth of religious practices It will also provide a valuable addition to the body of literature focusing on theories of cognition symbolism and change Journal of the Royal Anthropological Institute

**Navigating Youth, Generating Adulthood** Catrine Shroff,Catrine Christiansen,Mats

Utas,Henrik Vigh,2006 This book focuses on the lives and experiences of young people in Africa On agents who willingly or unwillingly see themselves as belonging to the socio generational category of youth and the ways in which they seek to shape and unfold their lives in a positive manner Rather than seeing youth as either a social or cultural entity in itself or as a predefined life stage the book argues for an exploration of how youth position themselves and are positioned within generational categories In studying young people social scientists must conceptualise youth as both social being and social becoming a position in movement It is from the duality of being positioned and seeking one \_s own socio generational position that this book engages in the debate on contemporary African youth The chapters are based on ethnographic research across the African continent and provide in depth analyses of the perceptions positions possibilities and practices of diverse groups of young people The book will be of value to scholars and students of African studies and social science interested in this major yet marginalized social category in contemporary Africa
