The final collapse of trust between the ruled and the rulers has happened in an America where civil war rages again. From bestselling author Ian Slater. As compelling a storyteller as you're likely to encounter. Clive Cussler: The Federals drew first blood as battalions of freedom fighters went tank to tank with the National Guard in the Northwest. Though the President declares the area secure, top officials know the truth. The Militia movement is spreading from the fringes like wildfire, now more organized, committed, and violent than ever, and hellbent on an armed victory over the United States. No matter how desperately the government tries to regain its hold, the roads of America are shuddering under the columns of tanks, the skies throbbing with Blackhawks. Two hundred thousand trained militiamen are armed with high-tech killing tools and the courage of true believers. And after a spark ignites the Everglades, the USA takes the most explosive hit of all.
