**Man's Subtle Bodies and Centres** Omraam Mikhaël Aïvanhov, 2013-09-16 For thousands of years men have worked to multiply and amplify the sensations and perceptions entering their consciousness through their five senses and it is this play on the keyboard of the senses that they call civilization and culture Well is this not rather meagre However much we cultivate and refine our five senses they will always be severely limited in scope for they belong to the physical plane they will never be capable of exploring any reality above or beyond the physical Until human beings recognize that there are other areas that invite exploration other dimensions to see touch and breathe they will never experience new richer more far reaching or subtler sensations Each of our organs is specialized it has its own particular function to perform and it can convey only its own particular type of sensation In order to experience other new sensations we must call into play those other subtler organs and centres which we all possess Omraam Mikhaël Aïvanhov

**Man's Subtle Bodies and Centres** Omraam Mikhaël Aïvanhov, 1988 *Radionics Interface With The Ether-Fields* David V Tansley, 2011-08-31 This book explores the interface that exists between the human energy field and the Universal Field of energy in which we live It shows how these fields can be utilised for distant diagnosis and treatment It also illustrates that the surest and most effective way to ameliorate a defect in any biological system is to modulate the interacting and interdependent energy fields by way of the chakras The same energy fields can be used to take photographs of distant objects particularly the energy structures of living human tissues and pathological states existing in them The vibratory patterns and potencies of homoeopathic remedies can also be drawn from the ether fields and impregnated into neutral substances such as water or alcohol solutions which have a capacity for memory Radionics is a healing art that links the physical world with the unseen worlds lying beyond the physical senses Diagnostically it probes to the levels of causation of disease therapeutically it is gentle and non invasive

Baker,2015-09-21

Introduction to ESOTERIC ASTROLOGY VOL 7 THE SOUL S PURPOSE CASES 1 16 By Dr Douglas M Baker This very important work is based on an analysis of the horoscope placing emphasis on the Rising Sign as it expresses the Soul s Purpose and its nuances Thus the universal approach is yet maintained but brought to bear on the specific or existential features of the individual s horoscope Via 16 detailed analyses in this volume the earnest student or professional astrologer is

given in depth information regarding Karma previous lives chakras myth objects for meditation the Ray of the Soul and of course the Soul's purpose for the personality Vol 8 treats cases 17-33 The introductory section explains Symbols and Methods used Planetary Rulers Chart Interpretation Permutations in Basic Symbols Compound Complexes The Rising Sign House Cusps Sun Earth Opposition Astrological Parsing Literal Parsing Aspects Use of Angular Aspects Planet Sign House Influences Intercepted Signs Retrograde Planets Karmic Indications in the Horoscope Whilst esoteric astrology is primarily concerned with the hegemony of the soul as it progressively asserts itself in the life of the individual it is also capable of providing the personality with direction and useful advice When we are dealing with Man on the Path a far far more accurate an interpretation of his situation its potentials and limitations for expression is given here by using the esoteric rulers of the Signs of the Zodiac as demonstrated in esoteric astrology The development of the computer has made the horoscope available to the millions and it is but a matter of time before the same computers begin to sieve out the real from the unreal In the end however the real is only discovered within and the fullest exposition of esoteric astrology gives the keys to such discoveries within and their correlation to wide and more universal principles To ignore the individual horoscope is to leave astrology esoteric or exoteric with feet of clay What this writing represents is a wiser and more psychosynthetic interpretation of the horoscope Thus providing the interpreter views the horoscope from a point of higher synthesis the most accurate interpretation of a personality matter may be gauged from particular astrological aspects Bailey herself or the Tibetan Master through her gave the key to the psychosynthetic approach by allocating esoteric rulerships to the Signs for Man on the Path and a further set of rulers called hierarchical which apply to those disciples who are initiate and engaged in the work of the Hierarchy of this planet as It implements the Divine Plan for the Earth The Busy Man's Hand-book ,1893
