**From Adam to Noah-The Numbers Game** Leonard Timmons, 2012-01-05 The genealogy of Adam in Genesis Chapter 5 is a number puzzle that encodes a fully functional calendar From Adam to Noah The Numbers Game shows you precisely how the Bible writers encoded a calendar into the ages of Adam and his children in Genesis 5 It then goes on to show how the Bible writers designed their calendar puzzle so that anyone who managed to solve it would be certain they had the correct solution Proof of a highly accurate calendar encoded within the numbers of Genesis 5 is a revolution in our understanding of Genesis It allows us to dramatically revise our understanding of the entire Bible To truly understand why a calendar puzzle exists within the Bible we have to explore the reasons why someone several thousand years ago would enshrine a calendar in such an ingenious puzzle That exploration leads to new and insightful interpretations of each of the stories in Genesis 1 to 11 The creation Adam and Eve Abel and Cain Noah's ark the story of Noah and his wife and Tower of Babel story Most of us have been taught that the Bible was written to be understood The existence of the calendar puzzle forces us to recognize that those who wrote the Bible hid things there that they did not want everyone to understand They hid a world view that they never state explicitly We will find that this philosophy inspired them to create the calendar puzzle and that the way they viewed the world is more important and more fascinating than the calendar itself In this book you will experience what it is like to discover something very new hidden within something very old You will discover that this new thing was ancient knowledge when the Bible was written Remember the story of the pearl of great price A merchant upon finding a pearl of great value sold everything he had and bought it The calendar in Genesis is such a pearl If you're looking don't miss this chance to own one **The Numbers Game** Andy Turnbull, 2001 **Numbers Game Shorts Collection 1-5** Rebecca Rode, All five heart pounding shorts in the Numbers Game world that are sure to keep you turning the pages If you love dystopian adventure with a dash of romance you will love these short gripping futuristic tales 1 CHAN'S STORY Chan Norwell comes from the perfect citizen family His mother is chief of the city monitor force his brother an all star and his sister a prodigy which leaves little wiggle room for a nobody like Chan He is determined to have his time in the spotlight at last But he doesn't expect things to go so horribly wrong Alone dishonored and humiliated Chan can only see one way out When he meets Maizel a brilliant redhead determined to follow in her mother's suicidal footsteps he sees his life for what it really is If Chan can find the courage to try one more time if he can save Maizel maybe there's a chance he can also save himself This story contains references to suicide 2 RUBY'S STORY Ruby James has finally made it As an official Rater she's reached upper class society and all that comes with it a huge house in a guarded neighborhood box seats and an elite client list She even has the perfect boyfriend to go with it one she expects to marry as soon as her career settles Then she uncovers a terrible secret One her boss will do anything to protect Now Ruby must decide how much her dreams truly mean to her Can she remain silent and keep everything she's worked for or does she dare risk it all to fight for justice This story contains
