### **The Oxford Handbook of Management Information Systems** Robert D

Galliers, Wendy Currie, 2011-07-28 Management Information Systems MIS play a crucial role in an organization's operations accounting decision making project management and competitive advantage. The Oxford Handbook of Management Information Systems takes a critical and interdisciplinary view of the increasing complexity of these systems within organizations and the strategic managerial and ethical issues associated with the effective use of these technologies. The book is organized into four parts Part I Background Part II Theoretical and Methodological Perspectives in MIS Part III Rethinking Theory in MIS Practice Part IV Rethinking MIS Practice in a Broader Context. The Handbook provides expansive coverage of the discipline and a methodological and philosophical framework for discussion of key topics before exploring the issues associated with MIS in practice and considering the broader context and future agenda of research in light of such concerns as sustainability ethics and globalization. Bringing together international scholars to focus on the theory and practice of MIS this handbook provides a comprehensive resource for academics and research students in the fields of MIS IS Organizational Behaviour and Management in general

### **Information Systems -- Creativity and Innovation in Small and Medium-Sized Enterprises** Gurpreet Dhillon, Bernd Stahl, Richard Baskerville, 2009-06-10

This book contains the collection of papers presented at the conference of the International Federation for Information Processing Working Group 8 2 Information and Organizations. The conference took place during June 21-24 2009 at the Universidade do Minho in Guimarães Portugal. The conference entitled CreativeSME The Role of IS in Leveraging the Intelligence and Creativity of SME's attracted high quality submissions from across the world. Each paper was reviewed by at least two reviewers in a double blind review process. In addition to the 19 papers presented at the conference there were five panels and four workshops which covered a range of issues relevant to SMEs creativity and information systems. We would like to show our appreciation of the efforts of our two invited keynote speakers Michael Dowling of the University of Regensburg Germany and Carlos Zorrinho Portuguese coordinator of the Lisbon Strategy and the Technological Plan. The following organizations supported the conference through financial or other contributions and we would like to thank them for their engagement
