**Manet, the Execution of Maximilian** Juliet Wilson Bareau, 1992 Inexpressiveness made a strong political statement and became a potent symbol of failed imperial ambition **MANET. THE EXECUTION OF MAXIMILIAN.** Juliet Wilson-Bareau, 1992 *Manet and the Execution of Maximilian* John Elderfield, 2006 Manet and the Execution of Emperor Maximilian ISBN 0 87070 423 0 978 0 87070 423 9 Paperback 7 5 x 9 25 in 120 pgs 35 color and 45 b w U S 29 95 CDN 36 00 November Nonfiction and Criticism Manet, 1992 **The Judgment of Paris** Ross King, 2012-01-11 Another fascinating book by the author of Brunelleschi's Dome and Michelangelo and the Pope's Ceiling a saga of artistic rivalry and cultural upheaval in the decade leading to the birth of Impressionism If there were two men who were absolutely central to artistic life in France in the second half of the nineteenth century they were Edouard Manet and Ernest Meissonier While the former has been labelled the Father of Impressionism and is today a household name the latter has sunk into obscurity It is difficult now to believe that in 1864 when this story begins it was Meissonier who was considered the greatest French artist alive and who received astronomical sums for his work while Manet was derided for his messy paintings of ordinary people and had great difficulty getting any of his work accepted at the all important annual Paris Salon Manet and Meissonier were the Mozart and Salieri of their day one a dangerous challenge to the establishment the other beloved by rulers and the public alike for his painstakingly meticulous oil paintings of historical subjects Out of the fascinating story of their parallel careers Ross King creates a lens through which to view the political tensions that dogged Louis Napoleon during the Second Empire his ignominious downfall and the bloody Paris Commune of 1871 At the same time King paints a wonderfully detailed and vivid portrait of life in an era of radical social change When Manet painted *Dejeuner sur l'herbe* or *Olympia* he shocked not only with his casual brushstrokes but with his subject matter top hatted white collar workers and their mistresses were not considered suitable subjects for Art Ross King shows how benign as they might seem today these paintings changed the course of history The struggle between Meissonier and Manet to see their paintings achieve pride of place at the Salon was not just about artistic competitiveness it was about how to see the world Full of fantastic tidbits of information and a colourful cast of characters that includes Baudelaire Courbet and Zola with walk on parts for Monet Renoir Degas and Cezanne *The Judgment of Paris* casts new light on the birth of Impressionism and takes us to the heart of a time in which the modern French identity was being forged **Art in the Age of Mass Media** John A. Walker, 2001-08-20 Can fine art survive in an age of mass media If so in what forms and to what purpose And can radical art still play a critical role in today's divided world These are the questions addressed in the *Art in the Age of Mass Media* as John Walker examines the fascinating relationship between art and mass media and the myriad interactions between high and low culture in a postmodern culturally pluralistic world Using a range of historic and contemporary works of art Walker explores the variety of ways in which artists have responded to the arrival of new mass media He ranges from the socialist paintings of Courbet to the anti

Nazi photomontages of Heartfield from community murals and Keith Haring's use of graffiti to the kitsch self-promotion associated with Jeff Koons. The new edition describes what happened during the 1990s including Toscani's adverts for Benetton, the simulations of Leeds 13 art and cinema, Damien Hirst, and the cyberart currently being produced for the internet.

**The Spectacular Art of Jean-Léon Gérôme (1824-1904)** Jean Léon Gérôme, Laurence Des Cars, Dominique de Font-Réaulx, Édouard Papet, 2010

Gérôme was one of the most famous artists of his day yet throughout his career he was the object of polemical debate and harsh criticism. Long stigmatized as the embodiment of sterile academicism, he is now considered to be one of the greatest painters of the nineteenth century. Gérôme's interest in Antiquity, his theatrical approach to history painting, and his complex relationships with the Orient and with the new medium of photography all contributed to his highly inventive imagery. Acquired by American collectors at an early date, Gérôme's oeuvre fired the new world's historical imagination and even inspired its favorite medium, the movies. This catalogue traces Gérôme's unique career and features his major works from history paintings to polychrome sculptures, thereby casting the nineteenth century in a new light.

**Manet, Baudelaire and Photography** Larry LeRoy Ligo, 2006

This book represents a radical reappraisal of the life and work of Édouard Manet. Through a thorough examination and interpretation of nearly every major painting and many of the prints Manet exhibited publicly between 1861 and 1882, the author arrived at the following conclusions: First, Manet was vitally and consistently concerned with the iconographical content of his major work; second, the iconographical content of Manet's work throughout his career was determined by a single underlying set of principles; third, the underlying principles from which Manet's iconography consistently derived had their origins in the aesthetics of Charles Baudelaire; fourth, the form of Manet's Baudelairean content was consistently derived from the appearance and ontology of mid-nineteenth-century photography; fifth, Manet consistently presented emblematic veiled self-portraits in his work; and sixth, the particular feature of Baudelairean aesthetic employed by Manet at any given time in his career was determined to a large extent by autobiographical concerns. The author argues that Manet's widely acknowledged adaptation of japonisme and impressionism can also be seen as further manifestations of his underlying Baudelairean cosmology.

**Nineteenth Century French Art** Sébastien Allard, Henri Loyrette, Laurence Des Cars, 2007

During the nineteenth century, France experienced an unprecedented growth in the visual arts, and Paris was its center. French art became a universally accepted benchmark, spreading its many ground-breaking developments: the radicalism of Impressionism and Post-Impressionism, the daring of Art Nouveau, and the innovations of Haussmann's new urban landscape far beyond its borders. In return, receiving numerous influences from abroad, during this extraordinary rich and productive period, French art also benefited from the synthesis of the past with the innovations of the present, resulting in an artistic output whose legacy is still being felt.
