Payrató,Ignasi Clemente,2019-12-16 This book examines emblems or emblematic gestures from a pragmatic view that is to say as autonomous gestures that fulfill communicative functions embody illocutionary values and act as signals of cognitive relevance Emblems are conceived as multimodal tools on the frontier between verbal and nonverbal modes and are part of the communicative repertoire of individuals and sociocultural groups Emblems constitute clear cases of embodiment and are susceptible to many processes of metaphorization contrasting or not with verbal metaphors metonymy and interference between modalities The applications of emblematic analysis are numerous from lexicography to second language learning or to natural language processing

Conventional Gestures Richard L Epstein,Alex Raffi,2018-11-05 Conventional gestures are those movements we make such as waving hello and shaking hands that are part of a learned shared symbolic system In this book Richard L Epstein working with the illustrator Alex Raffi examines how such gestures mean and how we can study them Drawing on their collection of over 400 American gestures available on the Advanced Reasoning Forum website they examine problems of methodology and the nature of gestures in relation to the work of others who have studied and collected gestures from various cultures An extensive annotated bibliography describes and comments on virtually all known collections of conventional gestures
