Manpower Planning And Organization Design:

Manpower Planning and Organization Design Donald T. Bryant, Richard J. Niehaus, 2013-03-09 This volume is the proceedings of the conference entitled Manpower Planning and Organization Design which was held in Stresa Italy 20-24 June 1977. The Conference was sponsored by the NATO Scientific Affairs Division and organized jointly through the Special Programs Panels on Human Factors and on Systems Science. Two Conference Directors were appointed with overall responsibilities for the programme and for policy and they were assisted in their tasks by a small advisory panel consisting of Professor A. Charnes, University of Texas; Professor W. W. Cooper, Carnegie Mellon University, now at Harvard University; and Dr F. A. Heller, Tavistock Institute of Human Relations. Professor R. Florio of Bergamo kindly agreed to become Administrative Director and as such was responsible for all the local arrangements. The Conference Directors were further assisted by national points of contact appointed from each of the member countries of NATO. These national representatives played a substantial part in the search for participants and in the collection and transmission of the various conference communications. Although full details of the national points of contact are included in the Appendices, special tribute must be paid to the UK point of contact, Brian Smith of the Civil Service Department. He very capably shouldered the additional burdens of maintaining continuity and resolving problems during the absence in Canada of Don Bryant in the particularly demanding two months preceding the Conference.
